

THE HALIBURTON COUNTY ECHO

AND MINDEN RECORDER

Vol. 100

No. 52

Wednesday, August 25, 1982

'The Voice of the Highlands

18 pages

35 cents

The Shriners train and caboose brought up the rear in the noon-time parade in Minden village, Saturday. The parade was part of the 118th Haliburton County Fair celebrations on the week-end. Saturday's

weather was cool, but record-breaking low temperatures and rain, Sunday, kept down gate receipts and participation in many events. For more pictures please see page 3.

Wilberforce could become home of national event

Motorcyclists to dare cliff

A 500 foot hill has been carved out of the forest near Wilberforce to create the track for the Canadian National Motorcycle Hillclimb this Sunday.

Although the organization of the vent was undertaken on very short notice, John Williams, promoter and present Canadian champion, is amazed by the support the community has given the idea.

When land owner Bill Thomas approached Williams to consider organizing a hill climb on Thomas' property, Williams suggested an event might be arranged by 1983.

After a suitable hill was located near Thomas' newly-constructed ski hill, just west of the hamlet of Wilberforce, the community was so enthusiastic, that the organizers planned the event for 1982.

"The whole town is behind it. I've never put on an event that had so much enthusiasm behind it," Williams said.

The organizers have invited 35 professional hill climbers to provide unprecedented excitement for the spectators.

From the clearing at the bottom of the 500 foot hill, the crowd will watch as riders steer their nine-foot long, rocket fuelled machines up the steep embankment. (The last 100 feet of the hill is almost vertical).

"We're going to have one of the most exciting

hills on the circuit," Williams claims. The climb is sanctioned by the Canadian Motorcycle Association, but most of the riders will travel from their homes in the United States.

The hill climbing begins at 1 p.m. Sunday and continues until approximately 4:30 p.m. with riders making at least two runs up the hill.

Williams has offered a \$3,000 purse for the event.

The motorcycles, which are categorized into 500 and 750 cc are timed in 1/1000 second intervals. Two electronic eyes are utilized to check the riders' times, as it is expected most of the riders will conquer the top of the hill.

While plans are still unresolved for future

Seawind is airborne

First flight exhilarates brothers

Almost 10 years after its conception, Seawind, a unique amphibian airplane designed by Roger and Len Creelman of Haliburton, flew for 40 minutes, Monday.

"It performed really well. It's an airplane now. It actually flies," an elated Len Creelman said Monday night.

The brothers, and their staff, have designed the airplane with the hope that home-builders' kits can be produced for mass-marketing in the future.

The first flight of Seawind (an earlier prototype crashed in a lake during a test flight last year) saw test pilot Murray Morgan leave from Muskoka airport and fly at 3,000 feet. The entrepreneurs and the pilot opted for a land-based test flight. Presently Seawind has fixed landing gear which will be made retractable when water testing begins.

In the next few weeks, the airplane will be transported to Ottawa, where Morgan will have additional time to test its handling capabilities. Flight testing will include up to 20 hours of flying time.

Len Creelman said no major deficiencies were found during the first flight, but the pilot recommended lateral trims be incorporated in the airframe system. This adjustment will be made before the next flight.

While he admits there is "still a long way to go", Len Creelman said the brothers hope to be producing Seawind kits in the latter half of 1983.

"That's a sort of timetable, if everything goes well, but it never does," he said, laughing.

Video tapes of Seawind's first flight can be viewed at Black's Hardware in Haliburton village.

Beach expropriation begins

Dysart et al has passed a by-law to expropriate land belonging to Silver Beach Campground on Lake Kawagawagomog.

After years of attempted negotiations, council made the move to expropriate a small pie-shaped tract of land along the lakeshore. This section of the beach has been used by the public for many years, but the present owner believes the land is for the exclusive enjoyment of his campground clients. The municipality has received numerous complaints from

members of the public who have been refused entrance onto the beach.

The by-law was published August 11 and affected property owners have 30 days after notification to object to the expropriation.

If objections are received, the matter will be taken to the Ontario Municipal Board hearing.

Clerk Wayne Wood said Monday, he believes this is only the third time in Dysart's history that expropriation action has been taken.

MNR proposes land use

Legal status, stated policies, omissions spark comments from council and public

by SUE COOPER
Echo Editor

The legal status of the Ministry of Natural Resources (MNR) Land Use Strategy for Minden district has concerned municipal representatives and the public, according to district planner, Pat Martin.

The MNR held open houses, Friday evening for municipal representatives, and Saturday for the public, at the Minden Municipal building. The sessions were designed to present a draft of the strategy to interested citizens. The ministry was pleased with the response as members from most of the county's councils were represented and 150 citizens attended the other open house.

Martin said the MNR has received written responses to the strategy and "not all have been pats on the back". The most-voiced concerns touched on management of lake trout lakes and the development which surrounds them, deer yards and specific implementation of policy and many criticisms suggested it was confusing how the strategy would be implemented.

After a meeting with ministry representatives from Bancroft and Minden, last Tuesday, Dysart et al council said in a letter to Don White, Minden district manager, that it was concerned with the strategy outlined in the do-

how your ministry can contemplate addressing the local habitat of fisheries without addressing the whole impact of acid rain," the letter stated.

In a telephone interview Tuesday, Martin said the experiments concerning acid rain are under the guidance of the Ministry of the Environment (MOE) which has the facilities and the laboratories to deal with the problem. "That's probably one of the areas (of policy) that will change," as concrete information becomes more available Martin said.

Another Dysart concern regarding fisheries was the planned discouragement of development on nutrient sensitive lakes (those that are susceptible to detergent, septic and other forms of man-made pollution) in hopes of improving cold water fisheries which are at present over fished. The council wondered why the cold water fisheries were identified but the nutrient sensitive lakes were not.

"We are being asked to sign a blank cheque to endorse such a broad statement, especially when policies on these areas will surely affect future land use planning matters. We therefore must object to this vague approach and ask that these waterbodies be identified so we can prepare an intelligent response in favour or in opposition," council said.

Martin admitted managing lake trout lakes had been an

"on-going problem" and that a number of the sensitive lakes were located in Dysart et al. For some time the MNR has been attempting to set a guide for development with the help of the MOE, municipalities and developers, but a firm proposal had not been arrived at, yet, she said.

Dysart, as well as many others who attended the open houses, was concerned by the specific implementations of deer yard policy. Most of Minden Township and a large area of Harburn Township, surrounding Percy Lake and bordering on Haliburton Lake are depicted as major deer yards.

"We ask that specific policies affecting land use and land use planning on deer yards be spelled out so that in this draft stage we will have a clear understanding of the Ministry of Natural Resources policies on deer yards, especially those that encompass entire lakes and miles of shoreline," council wrote.

Martin said part of the Ministry's problem in defining specific policies in the land use strategy is that both crown and private land management is incorporated. While the ministry can regulate management on crown land it can only advise private land owners. Minden Township is mainly crown land while the Percy Lake deer yard is located totally on private land.

An almost constant thorn in the side of Minden council

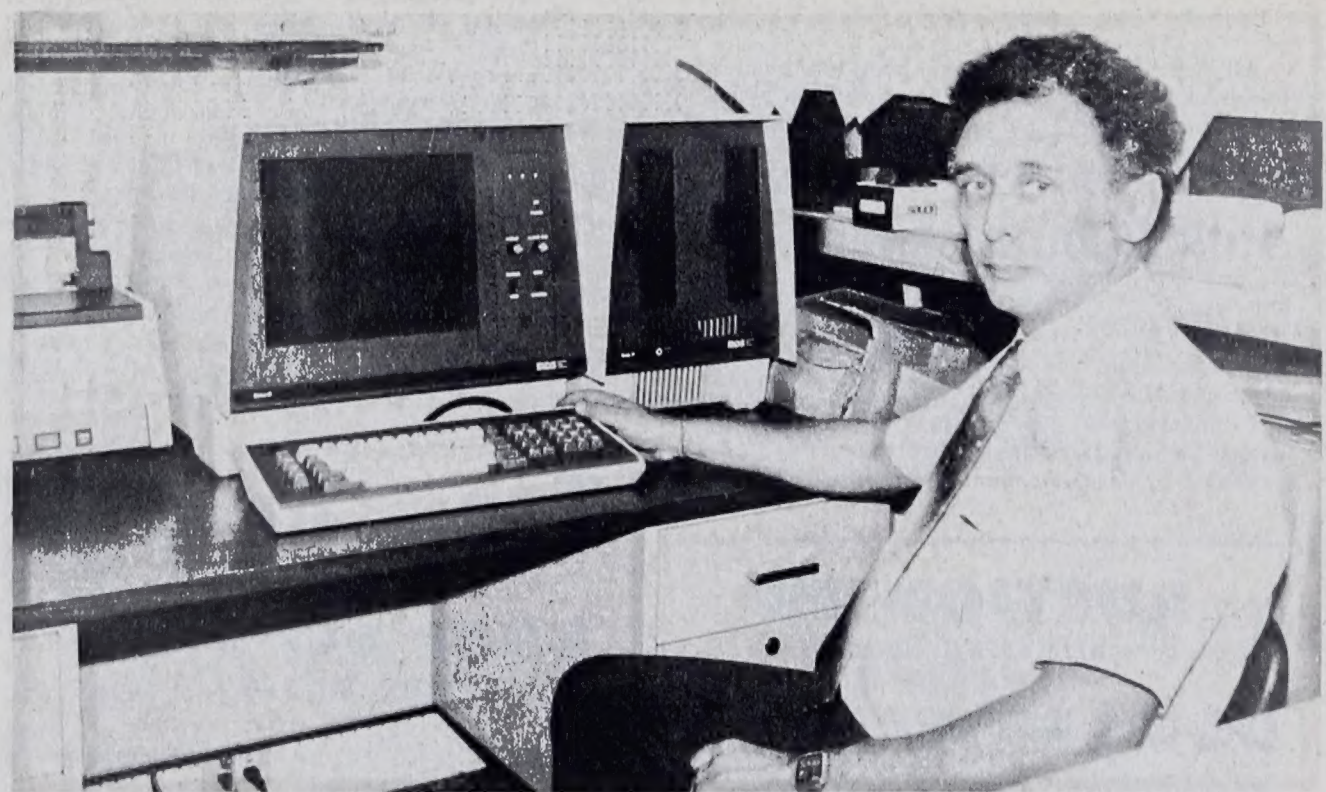

has been the abundance of crown land in Minden and Anson Township yet the Ministry has declined to recommend a provincial park for that area. Dysart council did not miss the opportunity to protest that the only proposed park for the district is located in the southern reaches of the district, beyond Haliburton County's border. "There are several locations on existing crown land where parks could be developed to enhance tourism and recreational opportunities within the district. The proposal for a park in Cavendish Township will have little or no economic benefits to Haliburton County."

The land use strategy, which is expected to be approved this November, will regulate crown land and hopefully improve private land management in the district.

Martin said the document is designed as a broad policy to help the public and the municipalities understand the ministry's policies, but specific information would have to be derived from individual management programs.

The land use strategy suggests management policies until the year 2000 except in forestry where forecasts last until 2020.

Anyone wishing to comment on the land use strategy should reply to the Minden district MNR office before August 31.

Marvin Varty experiments with new computer

MTC licencing agent supplied with computer to process ownerships

A new computer system was installed at the Ministry of Transportation and Communications office (Varty's Jewellery) in Haliburton village, last Thursday.

The computer, including a terminal with a built-in controller and printer, will facilitate improvements to MTC licence issuing procedures.

The "plate to owner" system, which is yet to be implemented, will be aided by the computer system. When "plate to owner" becomes a reality, licence plates will be issued to vehicle owners and will remain with the owner when the car is sold or scrapped.

The new system will provide police, courts and the public with up-to-date records of vehicle registration.

The computers, presently being installed at MTC facilities across the province, make the new staggered vehicle licence renewal system easier to implement. To avoid line-ups at the annual

February deadline for licences, the MTC has opted to have motorists renew their vehicle licences on their birthdays.

When licence renewal time comes next February, motorists with birthdates before June 1, will pay for a year plus the number of months until their birthdays in 1984. Motorists who were born after June 1 will pay an adjusted fee until their birthday in 1983 and on their birthday will pay a 12 month fee to cover the licence until the next year. Once the system is organized, all motorists will be operating on the birthday renewal system by June 1, 1984.

The new computer system is expected to save the province money as motorists who have unpaid fines will not be granted a licence renewal until the debt is cleared. The fine will be payable at the licence issuing office.

The computer system is slated to be in operation by December 1.

Think it's cold?

Sunday broke records

Residents of the Highlands were subjected to the coldest maximum daily high temperature in recorded history, Sunday.

The high for the day was 15 degrees Celsius and one and a half inches of rain fell. The previous lowest recorded high temperature for August 22 was 15.6 degrees Celsius, experienced in 1890.

The minimum temperature for Sunday was extremely close to record breaking as the temperature dropped to 1.5 degrees Celsius. The record is 1.4 degrees Celsius.

The temperatures for most of the month has been running slightly below normal with only three days registering normal temperatures. The area climatologist attributes part of the cool, Autumn-like weather to a dust layer encircling the earth. The layer, made up of carbon dioxide and dust, is several thousand metres thick and is seven to 12 miles above the earth's surface. In April, weather forecasters predicted the volcanic eruptions in Mexico would produce a dust layer that would shorten our summer by three weeks.

Although the dust layer is difficult, if not impossible, to see with the naked eye, observers might notice the sun shines white in the early morning.

Cool temperatures, similar to October, are expected in the Highlands through the week-end.

Minden volunteer firefighters got a chance to show their extinguishing techniques at the 118th Haliburton County Fair, Sunday. Here, Captain Bob Welles, left, and fireman Joe Dollo, right, watch as fire chief

Deke Jackson looks to see how far the fire inside the car has progressed. While pouring rain dampened the crowd, it did little to put out the purposely-lit fire. It took only a few minutes to extinguish the blaze.

Stanhope council meeting

The regular Stanhope Township council meeting was held August 11.

Mr. Dale MacDonald declared a conflict of interest on general accounts payable and road voucher number seven and refrained from discussion or voting on these matters.

The minutes of the last regular meeting held July 7, were adopted as circulated.

Council did not give consent to application #H 102/82 as both the severed and retained portions are less than the required square footage for a SR Zone.

Council approved of severance application H 101/82 conditional upon the posting of a performance bond in the amount of \$1,000 guaranteeing the completion of a single family dwelling by December 31, 1983 on the severed portion.

Council approved for payment Ontario Home Renewal

Application #4621000070 for a total amount of \$7,500 as recommended by the Ontario Home Renewal Committee.

Council accepted with regret, the resignation of Mr. John Hogg from the Stanhope Airport Committee and the Clerk was requested to extend a note of sincere appreciation to Mr. Hogg for his work, support and contribution to this committee over the past years.

Council acknowledged receipt of minutes of airport committee meetings held June 22, 1982 and July 20, 1982 respectively.

Council acknowledged receipt of recreation committee minutes dated June 23, 1982 and July 14, 1982.

Council acknowledged receipt of minutes of a meeting of the feasibility study committee held August 5, 1982 and also the proposed report of the study.

Council approved in principle of a proposal by Mrs.

Helen Scherbluk to stop up, close and convey a portion of the original allowance for road on part lot 10, con. 7 which fronts her property and as outlined on a sketch with a letter dated August 9, 1982. Mrs. Scherbluk is requested to proceed with step three of the procedure.

Council approved in principle of an application by Mr. W. John Buechler on behalf of McNairn, Turner and McNairn to stop up, close and convey a portion of original allowance for road (Boshkung Lake) being part of Lot 10, Con. 4 and part Lot 9, Con. 3 as outlined in his sketch attached to letter dated July 23, 1982. Mr. Buechler is advised to proceed with step three of the procedure.

Council approved in principle a proposal by Mr. Richard B. Day, acting on behalf of Mr. M.G. Whyte, Mr. Allan D. Tomlinson, Karen Lynn Day, Bertram G. Day and William Day to stop up, close and convey a certain road allowance on part lot 9, concession 3, Boshkung Lake. Mr. Richard Day is requested to proceed with these applications in accordance with step three of the Municipal Procedure Guidelines.

Council approved of a proposal in application #54.4.06 by Mr. Leslie Glendenning for the removal of breakwater and beach improvement work on part lot 17, concession 4, Township of Stanhope conditional upon agreement by abutting land owners.

Council approved of a proposal by Mr. Howard Scott to the Ministry of Natural Resources to dredge an area in Kushog Lake fronting part lot 3, concession 1, Township of Stanhope as outlined in the Ministry of Natural Resources application #54.04.07 conditional upon abutting property owners being in agreement.

Council approved of a proposal by Mr. Earl Brickell to construct a retaining wall in Kushog Lake fronting part lot 1 concession 10 as outlined on Ministry of Natural Resources application #54.04.06.

The Reeve and Clerk were authorized to execute on behalf of the township an agreement dated June 4, 1982 between Woodward Wood Supply Limited and the Township of Stanhope relative to By-law 81-15 for the Township of Stanhope. James Harrison registered a Nay vote.

Council requested the clerk express council's displeasure with Tony Aymong in connection with a permit to start a fire and the inherent dangers in circumventing the issuer of fire permits within the Municipality.

Council gave a donation of \$35 to Minden and District Horticultural Society to help cover costs of flower beds.

Council approved general accounts totalling \$25,857.73; Road Voucher #7 totalling \$19,139.96 and July 1982 Welfare \$1,730.00.

By-law 82-14 for the purpose of amending by-law 77-15 for the Township of Stanhope was received and read a first time.

By-law 82-14 was read a second time and referred to a committee of the whole council with Dale MacDonald appointed chairman.

By-law 82-14 as presented by the committee of the whole was read a third time, passed, signed and sealed.

The next regular meeting of council will be held Wednesday, September 8, 1982.

Briefly ...

Cruiser sideswiped

A police chase that began with a vehicle being stolen from a Minden parking lot ended with a cruiser sideswiped, a compact car overturned and the OPP canine team searching for a suspect Friday evening.

The "Dukes of Hazard-type" chase began when a station wagon was stolen at 9:30 p.m. The car struck two other vehicles while leaving the parking lot and this alerted several people in the area. A private citizen took up pursuit of the vehicle.

When the procession reached Highway 35 and turned northward, PC Jim Solway managed to pull his cruiser in directly behind the stolen car. PC Bob Pearson, who was a couple of miles north waited for the appropriate time and pulled in front of the station wagon. Pearson's cruiser was sideswiped when the stolen car attempted to pass on the right.

Further up the highway, the driver of the stolen car lost control and struck a compact car which was northbound. The compact overturned but none of the occupants were injured seriously.

At this point the thief fled the ditched vehicle and disappeared into the woods.

A short time later, as a search with the OPP canine team commenced, a car was observed attempting to drive out of a driveway at the scene.

After a short footrace, the driver of this car was apprehended and arrested.

Raymond Purtell, 17 of Peterborough, was charged with a number of offences related to the car thefts, the accidents and the driving.

Motors are thieves' favourites

Outboard motors seem to be the number one target for thieves this summer, with several reported throughout the highlands.

The latest motors were taken from Moore Lake Marine on Highway 35. A 25 hp Mercury and a 7.5 hp Mercury were stolen from boats parked on the shore at the marina.

The thieves apparently made their getaway by water as a boat was stolen and recovered adrift some time later.

One-car collisions abundant

The number of one-car accidents soared over the past week.

Last Tuesday, Elizabeth Clark, 52 of Agincourt was hospitalized with major injuries after her 1981 Chevette went into a ditch and struck a raised driveway along Highway 503 at Irondale.

Timothy Clark, 12, a passenger in the vehicle, received minor injuries.

Damage to the car was estimated at \$3,500. Elizabeth Clark was charged with careless driving.

Wednesday afternoon, Lynn Stephens, 19 of

Agincourt, received minor injuries when her 1982 Toyota rolled on a curve on the Haliburton Scout Reserve Road in Dudley Township.

Damage to the vehicle was estimated at \$4,000.

A Dysart Township girl was slightly injured when the car she was riding in rolled onto its roof on a curve on County Road One in Snowdon Township, Thursday afternoon.

Tina Rivers, 14, was injured while her mother, Dorothy Rivers, 34 of Dysart, escaped injury.

The 1971 Acadian sustained \$600 damage. Early Friday morning three passengers were injured when the car they were riding in smashed into a rock cut on Highway 35 at Miner's Bay.

Joy Hie, 23, Brett Hie, 20, of Haliburton, and Kenneth Henry, 20 of Lindsay, were treated at Minden hospital.

The car was demolished but the driver was not injured.

Michael Stephens, 18 of Willowdale, was charged with impaired driving.

A Willowdale man drove his car down a steep embankment along the Highland Road in Stanhope Township, Friday afternoon.

Friedrich Reischl, 66, was slightly injured. The car was damaged to the tune of \$3,000.

A Toronto man rolled his 1979 Toyota on the Old Ingoldsby Road in Minden Township, Saturday evening.

Derek Helsby, 32, was unharmed but the car was estimated with \$900 damage.

A 1982 Pontiac was destroyed when it rolled on a curve on Little Kennis Lake Road in Havelock Township, Sunday morning.

Rafick Choudhury, 21, the driver, was uninjured but his 13 year old passenger, Irfan Bukhara received minor injuries.

Damage to the car was estimated at \$9,000.

There were five other minor single car accidents during the week.

Pedestrians hit

Two Haliburton Village residents and a truck were hit by a motorist on Mountain Street, last Monday evening.

Victor Woods, 49, and Gordon McWalters, 49, of Mountain Street, were standing at the edge of the street talking to James Reynolds, who was sitting in his parked truck.

A pick-up truck, travelling along the street, moved to the right hitting Reynolds' vehicle and knocking down the two men. Woods and McWalters were taken to Haliburton hospital.

Damage to both trucks was \$500.

James Hobson, 58 of Mountain Street, was charged with careless driving.

Eleven people injured

The personnel at the Minden detachment of the OPP investigated 97 general occurrences and 18 motor vehicle accidents, last week.

Eleven people were injured in collisions on area roads.

Included in the general occurrences were 10 thefts, eight lost and found, four break and enters, four impaired drivers and seven damage complaints.

Saturday rural routes get month reprieve

Saturday rural route mail deliveries in Haliburton County will continue until at least September 25.

Although the six-day delivery service was slated to be shortened to a five-day week, this Saturday, the Post Office has delayed the curtailment for a month.

All Saturday deliveries are being eliminated across the country except in Prince Edward Island.

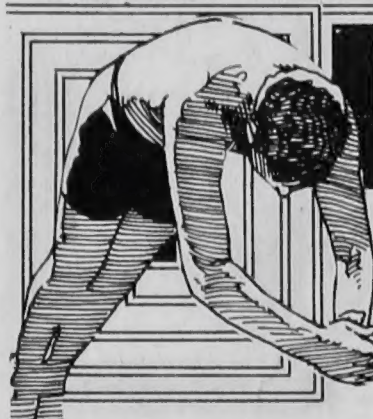

Hillclimbing scheduled

from page 1
events, Williams said if this year's hill climb is successful, Wilberforce could become the home of the Canadian National Hill Climb.

Admission for the afternoon is \$7 with children under 12 admitted free. Refreshments will be provided by various community groups.

Land used?

The Ministry of Natural Resources (MNR) Land Use Strategy for Minden District, discussed at open houses in Minden last Friday and Saturday, raised concerns of the public and municipal representatives, but none of these are insurmountable.

Some concerns, especially the legal status of the final land use strategy, only need to be explained more clearly, while others like the specific problems facing lake trout lakes and developments and the effects of acid rain on the management of fisheries will have to be investigated in depth for a longer period of time, possibly years.

With this strategy, the MNR hopes to manage crown land more efficiently and to help private owners manage their land in a way that is compatible with the ministry's goals. The Ministry also plans that the document aid municipalities in understanding the MNR policies and consider them in planning decisions.

There is, however, one disappointing aspect of the strategy. Huge tracts of crown land in Hindon, Anson, Snowdon, Glamorgan and Monmouth Townships are slated for little more management possibilities than logging, mining and deer yards.

Especially in the case of Anson and Hindon, municipal officials have been hoping for a more imaginative approach to development of crown land than has been suggested for the next 18 years. In the past the council has asked MNR representative to consider at least Hindon Township for a provincial park location. Presently it is depicted as one of the major deer yards in the district.

The ministry, in a meeting with council last year, listed numerous reasons why the township was not a suitable candidate. The location of a reasonably sized lake, to provide swimming for visitors, was one of the key reasons.

However, in the index of the land use strategy, the MNR describes a "wilderness park" that would seem compatible to Hindon's natural resources. A wilderness park is a "substantial area where the forces of nature are permitted to function freely and where visitors travel by non-mechanized means and experience expansive solitude, change and personal integrations with nature". Hindon Township should offer these qualities.

Presently canoe routes travel through a section of the area and snowmobile trails are provided in another sector of the township.

In its land use strategy, the ministry has suggested it has a continuing interest in the recreational possibilities of the district, however, the district planner, Pat Martin, said the MNR may want other organizations to help realize some of those possibilities.

Before the land use strategy becomes the ministry's bible for the next 18 years, area residents, resort operators, businesses and municipalities should request a more concise development package for huge tracts of crown land.

Reward for diligence

Ten years of diligent work have brought Roger and Len Creelman's dream closer to reality. It was almost a decade ago when the brothers designed and began to build an ultra-modern amphibian airplane. Their dream was not to build the airplane but to produce home-builders' kits that would provide pilots with a comparatively inexpensive airplane, but wouldn't look like a home-built.

Monday, Seawind flew for 40 minutes. It was the first successful flight test of the prototype produced in Haliburton Village.

Over the years, the brothers have postponed deadlines, scrapped prototypes and watched another crash into autumn's icy lake water. But, never have they shown anything but optimism towards the project that would have been an unreachable dream to a less determined pair.

Through their dedication they have encouraged the community to become involved in the project and the government backed the idea with development funds.

The fruition of the project still looms in the future, but the fact the men have succeeded with the project thus far deserves to be applauded.

PETERSON ROAD

by SUE COOPER

Get to know Videa Attack owners

Letters to the Editor

To the Editor:

I am writing regarding Videa Attack. I know there has been a lot of complaints and the owners are really getting a rough time over it. The young people of Haliburton between the ages of 14 and 20 do not want to, or are not old enough to, retire. They too have to have something to do.

I have met Mr. and Mrs. Good personally and I think if people check things out, they will find that Wes and Marj are doing this town more good than a lot of people realize.

We have enough faith in them, that we have made them our daughter's guardians when we are not with her.

I don't believe that people should judge things on what has happened in the past. Young people just can't live like that, they have to be given a chance.

I hope you will take all this into consideration, get to know Mr. and Mrs. Good and give them a chance before you make any decisions.

Carleen Sisson

To the Editor:

In your issue of August 11, 1982 you have a piece entitled "Students experience teaching problems" on page 10. I would like to know where in the article it states that the students are having problems learning or the instructors having problems instructing. The article is an update on the Haliburton children's programme.

I believe you owe Wendy Laking, Carol Lee and Marie Chambers an apology.

Are you trying to compete with the Toronto Sun for sensationalism?

Eric Milligan
Port Carling, Ontario

To the Editor:

Last Sunday evening during the heavy rain and wind storm, an act of courage took place.

We would like to see Mike Shaw, 16, be recognized as a true young man of courage and common sense for his actions during a severe chimney fire at Sunny Rock Lodge.

He braved the high winds and heavy rain, climbed to the roof and put out the fire, saving Sunny Rock Lodge from disaster.

Thank you to a brave son.

Lorna and Barry Shaw
Sunny Rock Lodge

To the Editor:

One hundred and forty members of our Association depend upon the Harburn Road for access to their property. The proprietors of Haliburton Lodge are vitally concerned in the condition of the road.

Property owners have been far more bitter this year than in previous years in voicing their complaints about the condition of the Harburn Road surface. It is understood that from January 1, 1982, the Haliburton County Roads Department is responsible for Harburn Road grading and maintenance. New culverts have been installed and a very limited amount of widening and gravel surfacing has been done, but regular maintenance activity, particularly grading, has been conspicuously lacking. Throughout most of the busy holiday season the road has been a nightmare of washboarding, particularly on corners. There was one faint sprinkling of some damp substance designed apparently to check dust; however, throughout most of the "dry season" the dust has been intolerable.

Surveyors have been very evident for the past two or three months - hopefully these are pointers to improvements to come.

Local elections take place this Fall. Electors who have an interest in the Harburn Road should press candidates for positive statements concerning plans for road maintenance and improvement - before casting their votes.

Larry Podmore
Vice-President, Drag Lake Property
Owners' Association

To the Editor:

There are no doubt readers of your newspaper who would be interested in knowing of the forthcoming 37th Annual Reunion of No. 6 Service Flying Training School, R.C.A.F., at Dunnville, Ontario, September 17, 18 and 19.

The event begins with a reception Friday evening, hosted by Mayor Frank Marshall. A golf tournament will be held Saturday morning and in the afternoon a demonstration of ultra-light aircraft, a parade, memorial service and fly-past of wartime Harvard aircraft is scheduled, followed by the annual banquet in the evening.

Maj.-Gen. Richard Rohmer, CMM, DFC, CD, Q.C., former Chief of Reserves of the Canadian Armed Forces, will take the salute and inspect the band and air cadets of No. 150 White Tiger Squadron, Royal Canadian Air Cadets of Hamilton, Ontario.

The week-end closes with an outdoor "Flapper and Banger" breakfast at the Riverview Motel.

All wartime personnel are invited to attend. If not on the mailing list please contact Frank Scholfield, Adjutant-General, Box 187, Dunnville, Ontario, N1A 2X5, (416) 774-7595 (Bus.), (416) 774-5480 (Res.).

Frank Scholfield

Feir Play

Creighton Feir

Many of the big events and attractions of the summer season are over. The four annual summer carnivals and the fall fair which are held each year in Haliburton, Minden and Wilberforce are now history. Although all of these events were fairly successful, people keep saying they get tired of watching the same old things over and over again each year and that it's time for a few changes in various areas of these events. It is simple to agree, but just what changes should be considered? Many readers might have good suggestions and if so, they should write them down and send the suggestions into the Echo. For instance, some people criticized the water show on Head Lake in conjunction with the Haliburton Rotary Carnival. To put on a better show next year, it is going to take money. Some of the people who are critical should be asked if they are willing to pay a fee to watch it.

On the other hand it goes back to the old saying that you have to spend money to make money. Just look at the success story of the ever popular Kinnmount Fall Fair. The organizers haven't been afraid to spend money in the past to bring in the big attractions and entertainers and they are still doing it today. It has paid off by placing the event among the best fall fairs in the province. There is one thing that we must keep in mind no matter if it's the Rotary Cub, Legion, Fair Board or Country Good Times, they can't continue to give everything away for nothing. Someone has to pay. These organizations must make money at these various events if they are to meet their commitments and keep doing a job in the community. The only unfortunate aspect of this entire affair is the fact that many people come in and watch the parades and the things that are free and then drive straight home without leaving the service clubs or other organizations a penny. In other words they are free loaders who expect to see a gala extravaganza but refuse to pay anything toward it. We admit that from time to time everyone likes to go to a party but we must all remember that the party will soon be over if the money isn't there to pay for it. You can't expect everything for nothing, so if you are asked to help pay for a certain event, please give willingly.

Last Sunday the Canadian National Exhibition turned their Centennial Square and Town Hall Complex over to the Town of Lindsay in honour of its 125th anniversary. I was very sorry that I had to miss the monster parade that was held recently in Lindsay in conjunction with their homecoming week celebration. Those who saw the parade say it was a dandy that lasted for over two hours. It was estimated that a crowd of between 75,000 and 100,000 people lined the parade route. A vote of thanks on the success of this parade should go to Parade Organizer, George Inrig.

The Haliburton Rotarians and their wives were guests of the owners at Camp Illahee last Thursday evening. This is the second year in a row the local Rotary Club has held a meeting at this camp on Drag Lake.

It would appear that it doesn't pay to eat popples when you are driving a motor vehicle. Elizabeth Clark, 52, of Agincourt, Ontario was driving on Highway 503 in the Minden area when her attention was diverted from driving because she dropped a popple. The news item which appeared in the Peterborough Examiner stated she lost control of her car and hit a culvert on a driveway. She was taken to the Haliburton Red Cross Hospital with serious injuries. Her son Timothy, 12, suffered minor injuries. Damage to her late model automobile was \$3,500. The accident occurred on Tuesday, August 17.

Marcel Dionne, captain of the Los Angeles Kings of the National Hockey league paid some excellent compliments to fellow team member Bernie Nicholls in the August issue of The Hockey News. He stated that in the future the team would have to be built around someone other than himself. The difference he said is, certain players on the team have gone as far as expected. They get their 40 goals, and that's great, but the line of Dionne, Taylor and Simmer should be set aside and younger players should be encouraged. "As you get older, they can't build around you anymore. You do that to a guy that is 21 or 22. Now we have a younger team. You've got to build around the nucleus. They have to set me aside and Dave and Charlie aside and say, "What do we have here?". "Bernie Nicholls is there. He's going to have a good shot at winning Rookie of the Year. I know he's got my vote." Dionne said if nothing changes, and coaches go with exactly the same team, he thinks they should put Bernie Nicholls between Charlie Simmer and Dave Taylor.

The Canadian National Exhibition in Toronto is in full swing and this, as always, will have an effect on the local summer tourist trade. Many of our visitors leave early to take their children back to the Ex. The summer season in the Highlands of Haliburton is coming to an end and the big rush is over for another year.

Secondary School students are reminded registration will take place at the Haliburton Highlands School from Monday, August 30 to Friday, September 3, from 9 a.m. to 4 p.m.

VIEWPOINT

Pic of the Past

On Tuesday, November 11, 1958, the Hon. Leslie M. Frost, Q.C., unveiled an historical plaque at Minden which commemorates the history of the Gull River area and the old log Clergy House in front of which the marker stands. This plaque was one of a series that was erected throughout Ontario by the Historical Branch of the Department of Travel and Publicity acting on the advice of the Archaeological and Historic Sites of Ontario. It is believed that the Clergy House was erected about 1870 as a depot for one of the lumbering

companies in the area. In 1899, it was acquired by the Anglican Diocese of Toronto and during the early years of the 20th century it served as headquarters for the itinerant missionaries who travelled extensively throughout the surrounding district. Now a private residence and still in good physical condition, it is possibly the oldest remaining intact log building in Haliburton. From the left, Walter Noice, Hon. Leslie M. Frost, Rev. E.R. Wooley, Norm Maidens, Frank Welch.

Wilberforce goes on the television

From the Chamber
by Bob Stinson

National T.V. Coverage For Wilberforce

This Sunday, World Champion John Williams, and about 35 of his colleagues from various parts of the United States will test their wits, skill, and their high powered machines against the newly created "Williams Mountain" just west of Wilberforce. A phenomenal amount of work has gone into the preparation of the site for this event in the relatively few weeks since the development of it was confirmed. The hill is now ready but no bike will attempt to climb the hill before 1 p.m. Sunday. "It wouldn't be fair to those competitors who will be travelling thousands of miles for the occasion," said John Williams, "to allow myself or anyone else the advantage of trying the hill ahead of time." Each rider will be allowed two attempts and their best time of the two will be used.

A large grass meadow at the base of the hill will provide an excellent viewing area for spectators and a new road has been built into the site where ample parking is available. Just last week it was confirmed that national T.V. coverage is being given to the competition which is sanctioned as a Canadian National Championship. If it proves viable it is hoped both the provincial and national championships can be held on the Wilberforce property every year.

One of the reasons John Williams has been so enthusiastic about bringing this national event to Wilberforce is the whole hearted support he has received from the local community. The members of that community deserve a lot of credit for showing that support and it is certainly hoped that the rest of our county will join in to back them up on Sunday. It should be a very exciting afternoon.

Last Call For MNR Input

Saturday the Ministry of Natural Resources (MNR) held an open house at Minden to explain to those interested the direction of the "Land Use Strategy". Bancroft District, which effects some of the eastern part of our county held their open house on August 14. The strategy is intended to provide guidance on the direction the Ministry follows in regard to both crown and privately held lands up to the year 2,000. The turn out to these open houses was relatively light considering the importance of the documents they are presenting.

It is still not too late however. The information piece that was circulated throughout the county states that "In order to proceed with our planning we need your comments by August 31, 1982". That being the case you have just about a week to address any concerns you have to the District Manager at either the Minden or Bancroft office. It may be beyond the year 2000 before they ask you again.

Canada Community Development Projects

A program has been announced for the 1982-83 cycle. It is designed to create short term jobs to unemployed persons that will provide continuing and genuine value for the individual and the community. The following areas are emphasized in Ontario: energy conservation and alternate energy sources, fisheries, tourism development, community restoration including mainstreet revitalization, conservation feasibility studies, and provision of improved access to public building by handicapped.

The programs provide wages for a project manager and two or more workers for from 2 to 12 months along with a nominal allowance for "other costs" such as administration and materials. Municipalities, associations, clubs or other non-profit groups may apply and completed applications must be submitted before September 30, 1982. For more information and an application contact our Manpower Outreach office in Haliburton at 457-1316.

Last Call For Nominations

The board of directors will meet next Wednesday, and included on the agenda will be the selection of this year's "Highlander of the Year". Nominations for recipients of this honour will be accepted up until meeting time. We look forward to hearing from more of you.

Congratulations To Two More Directors

It seems that this year we have a very prolific board of directors. We recently announced the new addition to Curtis and Brenda Eastmure's family and are now pleased to congratulate both Diane Hagerman and Barbara Bolin on their new arrivals. It may be significant that all three were girls, but we don't think it's a plot. Congratulations ladies.

Federal wage controls questioned

Report from Parliament
by M.P. Bill Scott

The June 28 Budget saw the unveiling of this government's plans to restrict wages and price increases to six per cent this year and five per cent next year.

This policy has been dubbed "The Six Per Cent Solution". Mr. Trudeau suggests that, if this does not work in bringing down inflation, then he will be forced to impose across-the-board wage and price controls. I am sure you remember the last episode of full controls in 1974. Wages were indeed controlled in that era, but prices remained largely out of control. The effect was to lower the standard of living in the country, as there was no significant stabilization of costs. No one looks forward to a return of this situation.

In bringing controls to the public sector and asking for voluntary controls in the private sector, the Government is trying to avoid mandatory controls, or so it says. The wage restraints placed on the public service will not be the key to making this program work. The key will be whether or not the private sector accepts this as a genuine example of the Government's intention to practise restraint.

Bill C-124 has some sections in it which are grossly unfair, especially to low wage earning public servants. It limits wage increases to six per cent at a time when it is questionable if cost increases will be held at that rate. For those just struggling before June 28, the task will be even tougher now. Contrary to the statement in the Budget that no one but M.P.'s would suffer wage roll-backs, a Government amendment to the Bill rolled back the wages of Parliament Hill staff. I accept the roll-back of M.P.'s wages but must object to the Government breaking its own rules by rolling back staff increases. The amount of money saved by this roll-back will probably be less than the cost of adjusting the payroll records for this relatively small number of employees. As an example setting measure however, I hope Bill

C-124 has the desired effect.

I also oppose amendments suggested in this Budget; to the Old Age Security Act, which will de-index Old Age Security Pensions; to the Income Tax Act, which will de-index tax exemptions; and to the Family Allowance Act, which will de-index Family Allowances. These payments should be allowed to keep up with increases in the cost-of-living.

The biggest test to "The Six Per Cent Solution" will be how effectively the Cabinet Committee set up to review requested price increases by federally controlled agencies, boards and commissions above six per cent works. Already we see mixed results. Bell Canada's request for 25 per cent and 35 per cent increases were rejected and pegged at six per cent this year and five per cent next year. Oil prices remain out of control, with a 9.6 per cent increase on July 1, a 15.5 per cent increase on January 1, 1983, a 13.4 per cent increase on July 1, 1983 and 11.9 per cent increase on January 1, 1984.

To be effective, "The Six Per Cent Solution" must be applied equitably and must control prices. If the Government's efforts do result in effective price controls on agencies within their jurisdiction, I am sure the private sector will cooperate. A conscious effort must be made to reduce Government expenditures to further

To the Editor:

Re: Grandparents Day, September 5

Grandparents are the people with the ability to smile and encourage at a time in their lives when they are preparing to leave all they have known and loved. They are the people with the knowledge of life and living. Their age alone is proof of their success. They are the ones that handed down their knowledge, the ones that did the hardest work to make this life easier for all others that follow.

Why do we spend so much time pampering and dwelling on the future generation while a valuable resource is hardly used or appreciated?

Who are they? What are they?

Some with minds witty and willing coaxing uncooperative bodies beyond the pain and limitations, caused by failing eyesight or hearing, which narrow their worlds and leave them feeling awkward. If unwilling bodies have limited their lives.

Washington to Maine on a 10-speed

Denver, Colorado resident visited Haliburton Village on his tour

'I've satisfied a lot of my goals'

Ben Levek, of Denver Colorado, arrived in Haliburton Village last week, but not in the usual way. He had bicycled across Canada and the United States from Washington State.

Levek, self-described as an "under employed" city planner, took advantage of the summer months to "fulfill a childhood dream".

He left the west coast state the second week of June and biked an average of 85 miles a day. Cycling at a rate of 12 to 16 miles an hour in stretches of 25 to 30 miles at a time, he arrived in the village a week ago last Monday.

Along the route, Levek had the opportunity to reacquaint himself with old friends and it was such an acquaintance that drew him to Haliburton Highlands. He stopped to visit John Clayton in Dorset before turning his bike to the south again.

After travelling approximately two-thirds of the distance to his destination in Maine, Levek admitted that bicycling is gruelling at first, knees become resentful and saddle sores become painful.

However, cycling across Canada is not necessarily just for the super fit. With a reasonable amount of preparation and training, anyone could enjoy a similar vacation, he says.

"All you need is desire and determination to do this type of trip. It's not something only olympic athletes do," he explained as he drank another gulp of water from his bicycle's plastic canteen.

Before he actually considered the trip, Levek was training to run a marathon (which he eventually did). Then, he decided to embark on a cross-country adventure.

From his home in Denver, Colorado, Levek obtained a ride to Portland, Oregon and then took a train to Seattle, Washington. He turned his bicycle to the east and his trip was underway.

During his first month on the road, Levek was accompanied by his girlfriend. But now, travelling alone, Levek said he doesn't become lonely as he meets other bicyclists on the road and travels with them for short distances. He keeps his mind

occupied by singing, whistling and occasionally slips into deep thought as he peddles on.

On his lightweight 10-speed, which weighs approximately 45 pounds, he carries a tent, sleeping bag, foam pads, mess kit, stove, lots of nuts and seeds, tools and "as usual" he is overloaded with clothes. He admits he has carried a lot of dead weight by filling his pack with books, but realizes he couldn't have made the trip without his reading material. He also brought along a kite for "passive recreation".

"I've satisfied a lot of my self-stated goals," Levek reflects.

Along the route, Levek has blown many tires and broken some spokes but with a complete tool kit and extra parts on board he has been able to repair his bicycle every time.

Before leaving Colorado, Levek wrote many states and provinces requesting maps and information regarding bicyclists. Only one state provided information concerning cyclists. Levek said he has found it interesting to read the maps along the way, to check for accuracy and to locate campgrounds and historic sites. While Montana provided the best information, Levek said Ontario maps were good but didn't mark historic sites well.

With the aid of maps, Levek has managed to complete his trip this far by travelling secondary highways. "I go out of my way to avoid vehicular conflicts," he admits.

While most car drivers and truckers (99 per cent) are conscientious, Levek says "there are a few louses out there".

"I'm like an insect to them (truckers who pass with only inches to spare)" that needs to be swatted, Levek conceded.

After leaving Haliburton, Levek headed towards Kingston. He then planned to sweep into New York State and is considering a side trip to Newfoundland before ending his cross-country adventure in Maine.

Ben Levek and his transportation

Mountain Lake holds corn roast

Submitted

Mountain Lake Property Owners wound up their summer this past week-end with the annual association corn roast. About 50 cottagers gathered around "Hanger's" cast iron maple syrup pot. Colleen Divell organized games and races for the children who competed enthus-

astically for the prizes. Derwent Lewis mastered the boiling cauldron for perfect corn.

Most attendees sported the new Mountain Lake T shirts bearing the original crest of a loon as designed by a lake resident. Over two

hundred shirts have been sold at cost so far this year and plans for next year include the sales of hats and sweat shirts.

These popular T shirts were presented at the annual meeting to George Dale, past president and Ruth Gorrie,

past membership convenor in recognition of excellent service. The annual meeting was held at the new Minden Cultural Centre and featured a discussion of the pros and cons of purchasing the 66' shoreline allowance.

Beachli team and lumbermen advance

The Haliburton Village men's recreational league semi-finals began last Tuesday.

In the first game Beachli Construction defeated Curry Motors 4-3 in overtime.

Curry's team scored first. There were two out with Andy Salvatori safe on second base after hitting into fielders choice and then stealing second. Barry Boice hit a single to bring him home.

Neither team scored in the second inning.

Currys scored two more runs in the top of the third inning. With two out, Art Dawson walked to first and Boice again hit a sinking line

drive single by left fielder and both runs scored.

The game moved into the bottom of the fourth inning before Beachli's squad scored. John Wilson hit a home run and Peter Fearrey hit a single and reached third base on an error. Fearrey scored on an error by the first baseman.

There was no scoring in the fifth or sixth innings.

In the bottom of the seventh Beachli's team scored to tie the match. David Nicholls walked out and then stole second base. Kevin Sisson grounded out and Mark Schell and John Wilson followed with a walk. John Robinson hit a sacrifice fly to

bring in the game-saving run.

The game went into extra innings.

In the bottom of the eighth inning, Earl Bull hit a single, Chris Hodgson struck out, and Gary Burch hit a double to bring in the winning run. Mark Schell was the winning pitcher while Andy Salvatori took the loss.

Haliburton Lumber edged out Kennedy Surplus 6-3 in the first match of their semi-finals Tuesday.

In the top of the second, Lumbermen Bernie Nicholls struck out three batters.

In the bottom of the second Rob Dennys walked and Wayne Speicher hit a triple

to bring Dennys home for the lumbermen.

In the bottom of the third, Haliburton Lumber scored three runs. Bob Johnston hit a single and then Bernie Nicholls hit a two run homer. Kevin Newell followed with a single, but the next two batters struck out. Ken Barry hit a single to make Newell score.

Kennedy's team scored in the top of the fourth inning. Dwight Sisson walked and then stole second base. Jerry Walker walked but Brian Mulholland grounded out. Walker tried to steal second base but was put out. Dwight Sisson stole home for the team's first run.

Each team scored a run in both the fifth and sixth innings.

Haliburton Lumber met Kennedy's Surplus in the second game of their semi-finals, Thursday.

Lumber

opened the scoring when Kevin Newell hit a triple and Bernie Nicholls sacrificed a fly to left field to drive in the run.

In the second inning the Lumbermen bombed ahead. Rob Dennys hit a single and Jim Winn hit a double to bring him in. Ken Barry reached base on a fielder's choice but Wayne Speicher grounded out. Aaron Nicholls walked to first. With two out and two on base, Kevin Newell hit his first home run of the year making the score 5-0 at the end of two innings.

There was no scoring in the third inning.

In the top of the fourth inning Kevin Newell came to bat and hit his second home run for the Lumbermen. Bernie Nicholls walked and scored on error.

Kennedy's team changed pitchers, with Dwight Sisson replacing Brian Mulholland. Haliburton Lumber didn't

score any more runs.

In the sixth inning Kennedy's finally got on the board as Derwin Barry, Doug Rupa and Ron Linklater walked. Jeff Carpenter struck out but Dwight Sisson hit a double to drive in two runs.

The final score was 7-2 for Haliburton Lumber.

The Lumbermen took the semi-finals series 2-0.

Beachli Construction won its semi-final match against Curry Motors Thursday.

The first two innings were disastrous for Curry Motors and at the end of two Beachli's team led 9-1.

Then the game settled down and Curry's squad allowed only one run in the seventh inning.

Final score was 10-1.

Beachli Construction will meet Haliburton Lumber for best two out of three championship series which began last night (Tuesday).

Haliburton, Minden 1-for-1

Ladies softball finals could be either team's match

The first game of the Haliburton County ladies softball league finals between Haliburton and Minden Dixie Lee was played in Haliburton last Wednesday night.

In the top of the first inning Minden Dixie Lee exploded with six runs but Haliburton shut them out for the rest of the game. Haliburton managed three runs in the second, one in the fourth, five in the fifth and one in the

sixth to win 10-6. They were led by Betty Whiteway and Shirley Hewitt.

Minden had a good night from Marlene Wilson and Barbara Barnhart. Nancy Maughan pitched a strong game for Haliburton and picked up the win while Nelda Cully took the loss.

In the second game played in Minden Monday night the Minden Dixie Lee played their strongest defensive

game of the season blanking Haliburton 12-0. Jane Symonds had a super night behind the plate for Minden. Minden Dixie Lee had a strong night from Cully and Symonds at the plate. Cully picked up the win while Maughan took the loss.

The next game is Wednesday night in Haliburton with the fourth in Minden Monday night. Both games are slated for 7 o'clock.

game of the season blanking

Haliburton 12-0. Jane Symonds had a super night behind the plate for Minden. Minden Dixie Lee had a strong night from Cully and Symonds at the plate. Cully picked up the win while Maughan took the loss.

The next game is Wednesday night in Haliburton with the fourth in Minden Monday night. Both games are slated for 7 o'clock.

Soccer fans offered games

Soccer fans have the opportunity to watch two exhibition games in Minden and Haliburton, this weekend.

The local soccer teams, who have trained under the

guidance of Jim Milne this summer, will meet junior competitors from Scarborough.

Game time in Minden is Saturday at 1 p.m., at Archie

Stouffer Public School. The competition in Haliburton Village is slated for Sunday at 2:30 p.m. at the Haliburton Highland Secondary School.

Eagle scored at PineStone Inn

Barbara O'Brian, of Bobcaygeon and Toronto, scored an eagle three on the difficult ninth hole at PineStone Inn golf course, Sunday.

O'Brian's drive was in good position and she played a 7 iron for her second shot, then holed out with her seven wood.

The feat was witnessed by many golfers watching the play on the ninth hole from the Pro Shop sun deck.

Competitor in annual tournament gets hole-in-one

Ace scored at Beaverbrook

A hole-in-one was scored on the sixth hole of the Beaverbrook Golf course in Minden, during the Twelve Mile Lake/Little Boshkung Lake annual tournament this week-end.

It is only the second time in the 43-year history of the

course, that a hole-in-one has been scored on the 230 yard hole.

Larry Tompkins, of Mississauga, used a number 2 iron to make the shot. Craig Windsor, of the Mississauga, witnessed the feat. Playing with Tompkins were Bill

Peeling, of Mississauga. Doug Cowan of Brampton and Murray Neave, of Pickering.

Winner of the tournament was Danny Bozic, of Pennsylvania, with a score of 71 and Doug Cowan placed second with a score of 73.

Mountain Lakers enjoy summer

from page 6

Members of the executive have attended the Federation of Ontario Cottagers Association workshops over the past year and benefited from a pooling of concerns and accomplishments of all Ontario cottagers. Jim Russell has been monitoring the quality of Mountain Lake water and reports a natural buffing of limestone in the lake is providing good resistance to acid rain. The algae and slippery rock conditions have been analyzed to show normal growth with no special concerns of pollution.

Aerial photos of Mountain Lake were on display and forms for purchasing are

available from Jim Russell. Mike Mahoney related the Association's concerns over the new zoning by-laws and the response from the township was discussed.

A membership drive has been planned to make personal contact with all residents and to finalize a map directory of the lake. The map will indicate location of all residents and will be helpful to OPP in making contact with property owners in an emergency.

The new executive is: Jean Anthon, president, Derwent Lewis, vice president, Al Reeve, treasurer, Colleen Divell, secretary, Vil Pe-

terson, secretary, Libby Hurrell, membership, Jim Russell, environment, Mike Mahoney, municipal affairs.

Immediate plans of the new executive include a fishing contest for Mountain Lake, a photography contest and major plans for a regatta next year. Volunteers are needed for these activities and for one executive position, social convenor. The new executive invites all M.L.P.O. to call 286-2913 or 416-823-2135 to share in activities or concerns.

THE ONTARIO MUNICIPAL BOARD

IN THE MATTER OF Section 13 of the Municipal Act, R.S.O. 1980, as amended, Chapter 302;

AND IN THE MATTER OF an application of the Council of the Corporation of the United Townships of Dysart, Dudley, Harcourt, Guilford, Harburn, Bruton, Havelock, Eyre and Clyde to the Ontario Municipal Board for a redivision of the municipality into wards pursuant to authorizing By-law Number 82-31, read a first, second and third time, passed, signed and the Corporate seal attached on the 21st day of July, 1982.

NOTICE OF APPLICATION TO THE ONTARIO MUNICIPAL BOARD, SECTION 13,

THE MUNICIPAL ACT, R.S.O. 1980, CHAPTER 302

WHEREAS the Municipal Act, R.S.O. 1980, Chapter 302, Section 13 provides that upon the application of the Council of a local municipality for a new division or redivision of the municipality into wards, the Ontario Municipal Board may redivide such municipality into wards;

AND WHEREAS pursuant to By-law Number 11-59 of the Corporation of the United Townships of Dysart, Dudley, Harcourt, Guilford, Harburn, Bruton, Havelock, Eyre and Clyde, and which by-law was read a first and second time on the 13th day of October, 1954 and read a third time and finally passed on the 15th day of December, 1954, the above municipality was divided into three wards for election purposes, a certified copy of which by-law is available for inspection at the Municipality of Dysart et al offices, Haliburton, Ontario during regular business hours;

AND WHEREAS By-law Number 11-59, which established the division of the municipality into wards, received the approval of the Ontario Municipal Board by virtue of an order dated the 4th day of October, 1954; AND WHEREAS By-law Number 11-59 was given a first and second reading on the 13th day of October, 1954, the By-law was submitted to the ratepayers of the local municipality for general assent by virtue of an advertisement in the four November 1954 issues of The Haliburton County Echo and their assent was asked for by ballot "Yes" or "No" on Saturday, December 4, 1954;

AND WHEREAS subsequent to obtaining favourable assent, By-law Number 11-59 was read a third time and finally passed on the 15th day of December, 1954 and came into force at the next election after the passing of the by-law;

AND WHEREAS the within application is being made solely for the purpose of increasing the number of wards for election purposes from three, as originally established by virtue of By-law Number 11-59, to the requested five wards for election purposes;

AND WHEREAS the within application is authorized by a by-law passed by the local municipality on the 21st day of July, 1982 as By-law Number 82-31, a certified copy of which is available for inspection at the Municipality of Dysart et al offices, Haliburton, Ontario during regular business hours, and a copy of which By-law Number 82-31 is also published with the within notice.

NOW THEREFORE TAKE NOTICE that the Corporation of the United Townships of Dysart, Dudley, Harcourt, Guilford, Harburn, Bruton, Havelock, Eyre and Clyde does hereby respectfully apply to the Ontario Municipal Board for the following:

1. An Order to be given by the Ontario Municipal Board approving, without the necessity of holding a hearing, By-law Number 82-31 together with the new division of the municipality into wards set out in By-law Number 82-31, a certified copy of which is available for inspection at the above referred to offices and was attached as Schedule "B" to the application made to the Ontario Municipal Board.

2. That the Order redivide the municipality into five wards with the boundaries as described in the Schedule "A" attached to the By-law Number 82-31 and which Schedule "A" is available for inspection at the above referred to office and which Schedule "A" is also published with the within notice and is further available for inspection.

3. That the Order designate that each ward shall bear the number and name shown on Schedule "A" attached to By-law Number 82-31.

4. That the Order declare that the within redivision of the local municipality is to take effect prior to the municipal elections to be held this year, 1982.

5. That the Order, in addition to approving the redivision of the local municipality into wards, grant approval that the new polling subdivision boundaries shall be in effect, the locations of which are more particularly set out on Schedule "A" attached to By-law Number 82-31 and it is respectfully requested that the Ontario Municipal Board order the Assessment Commissioner to take the new subdivision boundaries into account with respect to the preparation of the list of municipal electors.

6. That the Order acknowledges that the local municipality has no suggestions to make with respect to the provisions for local school board elections, other than such elections shall be held as they have been in the past, being at the same time as the election for Reeve, Deputy-Reeve and Councillors, and that the number of members for the local board be determined in the same manner as previously, pursuant to the provisions of Education Act, R.S.O. 1980 as amended, Chapter 129 and any other applicable Act.

The Corporation of the United Townships of Dysart, Dudley, Harcourt, Guilford, Harburn, Bruton, Havelock, Eyre and Clyde hereby respectfully requests that the Ontario Municipal Board approve By-law Number 82-31 on the terms as set forth above without the necessity of holding a public hearing.

DATED at Haliburton, Ontario this 4th day of August, 1982.

THE CORPORATION OF THE UNITED TOWNSHIPS OF DYSART, DUDLEY, HARCOURT, GUILFORD, HARBURN, BRUTON, HAVELOCK, EYRE AND CLYDE.

Murray Fearrey, Reeve Wayne B. Wood, Clerk-Treasurer

Any person interested may, within 21 days after the date of this notice, send by registered mail or deliver to the Clerk of the Corporation of the United Townships of Dysart, Dudley, Harcourt, Guilford, Harburn, Bruton, Havelock, Eyre and Clyde, Haliburton, Ontario, KOM 150, notice of his or her objection to the approval of said application together with a statement of the grounds of such objection, and that if a hearing is held, he or his agent will attend such hearing to support such objection.

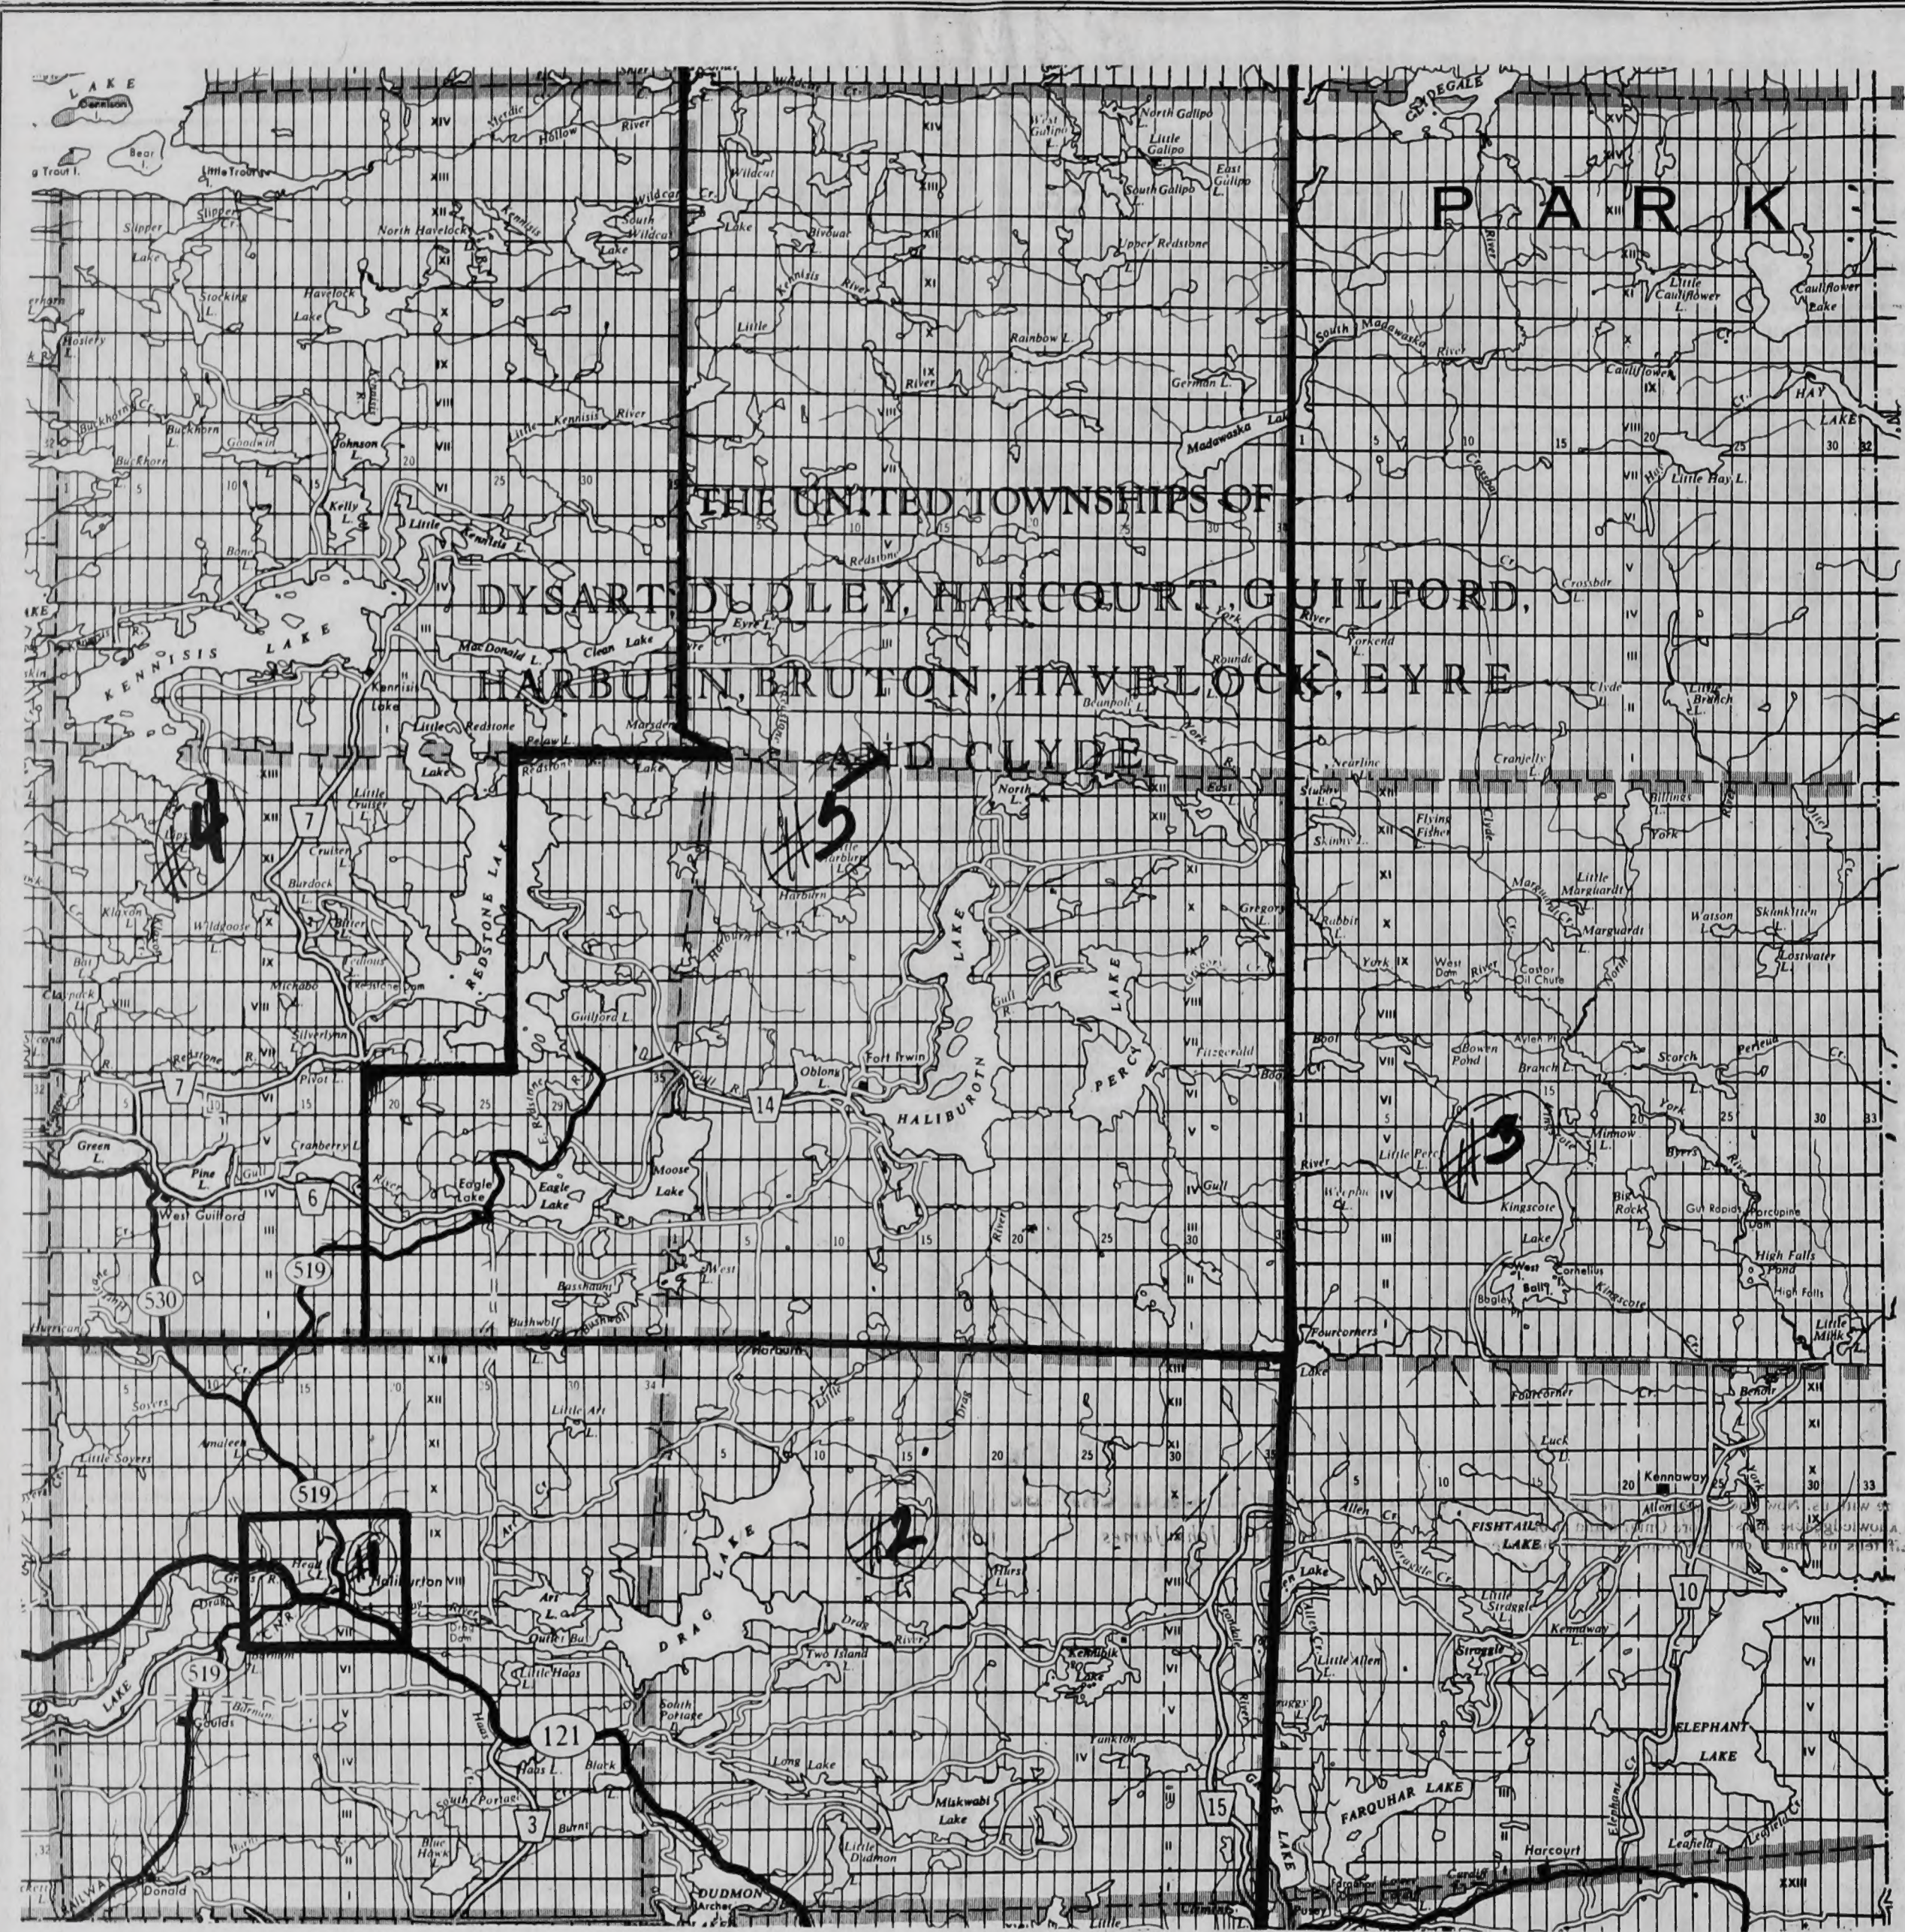

The Ontario Municipal Board may approve of said application, but before doing so, may appoint a time or place when any objection to the application will be considered. Notice of any hearing that may be held will be given only to persons who have filled an objection and who have left with, or delivered to the undersigned clerk, the address to which notice of hearing is to be sent.

Last date for filing objections will be Friday, the 17th day of September, 1982.

THE CORPORATION OF THE UNITED TOWNSHIPS OF DYSART, DUDLEY, HARCOURT, GUILFORD, HARBURN, BRUTON, HAVELOCK, EYRE AND CLYDE, HALIBURTON, ONTARIO KOM 150

Wayne B. Wood, Clerk-Treasurer

This notice first published Wednesday, August 25, 1982.

**MUNICIPALITY OF DYSART ET AL
BY-LAW NO. 82-31**

BEING A BY-LAW TO AUTHORIZE AN APPLICATION TO THE MUNICIPAL BOARD FOR A NEW DIVISION OF THE MUNICIPALITY INTO WARDS.

WHEREAS the Municipal Act, R.S.O. 1980 c.302, provides that upon the application of the council of a local municipality for a new division of the municipality into wards the Municipal Board may redivide the municipality into wards;

AND WHEREAS the Council of the Corporation of the Townships of Dysart et al deems it expedient to make such application;

NOW THEREFORE the Council of the Corporation of the Townships of Dysart et al ENACTS AS FOLLOWS:

1. That an application to the Municipal Board for a new division of the municipality into wards be made and is hereby authorized to be made.
2. That the Municipal Board be requested to redivide the municipality into five wards with boundaries as described in Schedule "A" attached hereto and forming part of this By-Law.
3. That the Municipal Board be requested to designate that each ward shall bear the (Number) and (Name) shown in Schedule "A".
4. That this By-Law shall come into force and take effect on the date of its final passing.

READ a first, second and third time, finally passed, signed and sealed, this 21st day of July, 1982.

Artists' Program winds to close

Only two weeks remain in crafts, and sing-song

by CAROL LEE AND MARIE CHAMBERS

There are only two weeks of operation left in the Young Artists' Summer Program. For these final two weeks crafts and sing-song will be offered on Monday afternoons as well as Wednesdays and Fridays, 1-4 p.m.

by pine cone pieces on wooden plaques. After they were completed the plaques were varnished to produce a glossy finish. Everything from fish to dragons were made, although owls were the most popular.

We had 25 children creating and singing in Friday's class. They made abstract window hangers from colourful pieces of tissue

paper pressed between two sheets of waxed paper. These transparent pieces were then framed with styrofoam meat trays.

All children are welcome to join us for our final two weeks.

by WENDY LAKING

The Minden Molto Maestros have been held over!

For those of you who just couldn't make it to Minden Sunday, the band will be performing its final concert in the Haliburton bandshell (the Senior Elementary School if bad weather) next Sunday at 2 p.m.

The famous Dixieland Ambassadors will also be playing so come out and support the talented young musicians at their last performance of the summer.

Senior League

by Bert Harrison

Sorry to miss the service here on Sunday night. We went to a farewell party for Rev. and Mrs. Miller, and it really was a thriller. Robt. Herlihy was M.C. and was as funny as could be. Grace Coburn led us in a good old song, which gave us a thrill - Let Me Call You Sweetheart, and Mocking Bird Hill. It was a potluck supper in the Christian Education building in Carnarvon town. There was such a crowd all couldn't sit down to the table. Some sat on

benches with their plates on their knees. Dr. Varty spoke for the tourist association. He said he had spent 35 seasons in this same location. Rev. Miller received praise for the work he had done.

Doris took some seniors in the bus to Stanhope Fly-in. They said they had a nice time.

We're sorry Mrs. Stult is back in the hospital again. We hope it won't be long until she'll be back with us. We watched three movies Monday night. They surely were a lovely sight. I'm sorry more people didn't come down to view this lovely movie shown for us.

Rev. Miller held his last service August 17. It won't be long before they have gone to their new home near Brampton. They will surely be missed. They have won many hearts.

One morning I was wondering just where I would go.

Why, I will go and sit in our brand new gazebo. There I will sit and contemplate what our gazebo's fate will be. I decided it would be used a lot more if it had been built much nearer a door where we could slip in and out, without going outside.

But now it's built away out from the Home, each day out there, we will roam. We sit there two hours or so, and say to ourselves, "What a well-built gazebo".

Tuesday night the Watson-Smith trio came and played some lively music which we all should remember. They said they would be back the third week in September.

Mrs. Curry's lovely photo of herself took third prize at Peterborough Art Exhibit. Congratulations, Mrs. Curry says she will spend the rest of her life here at Hyland Crest the way she is being treated is the very best.

It is good to have Mrs. Stult and Mrs. Boice back with us again.

The ladies from Lady of

Fatima Church brought in a lunch Thursday afternoon. We had lovely sandwiches and goodies galore. The only trouble was, we had a real nice lunch just two hours before. Don't you think it would be better - just between you and me, instead of coming at two o'clock they would come at three?

Here is a word about the people, who keep this place shining. They work day after day without very much whining. They have their jobs right down pat. They seem to know just where they are at. They clean, polish, and dust, and they seldom hear anyone cuss. When its coffee time, they are off, and then at it again.

Grace Coburn and Fred Ballard came Friday to lead us in sing-song. Grace sang "I'll walk beside You", and read "A walk in the Garden with Grandpa's Walking Stick".

In closing, we sang "You are my Sunshine". It was a happy time.

Happy Gang News

by Watson Anderson

Our activity director, Ivy Shaw, is spending this week on the sidelines to see how volunteer helpers will make out without her. It should be interesting from the Gang's point of view and to this column. A new carpet floor covering is being laid in the entry corridor so from now on it will behave the residents and visitors to be sure no mud or even water is tracked inside. It looks pretty nice, nice to walk on and laid by a professional.

It is reasonable to expect that we will have more than 25 juicy muskmelon compared to 67 last year. It is possible we have some answers that will allow us to contrive an excellent crop next year. This program of ours is only speculative, not really needed, as extendicare is able and quite willing to provide us with everything our diets dictate.

Even though we keep our feeder full of nectar humming birds have been very scarce of late. We do have the odd one. There is a stray white cat here that is being fed generously and therefore likes to be with us. Now one of the knowledgeable nursing staff tells us that a cat can leap straight up four feet from a crouch to seize a hummingbird but others say 'no' the hummingbird is faster than that. We took no chances and raised the feeder to a height of five feet. This is hard to believe, but they started coming to the feeder some half dozen even perching beside it on the cross stick holding it and how many people have seen a hummingbird perch. Now we are in a stand off - some like the cat and others do not.

Tuesday afternoon for bingo Ivy Shaw adopted the role of straw boss delegating her activity directors role to two very lovely volunteer lady helpers, Betty Wise and Helen Archer. It was a bad

time to be disgruntled regardless of provocation, but one disgruntled chap became angered because the rules of bingo were unclear. It is amazing how much zest it adds to bingo just when morale is sagging. It is too much to expect that we will have as much fun every Tuesday. It is so nice.

Those nice blooms of the scarlet runner beans that enhanced the beauty of this building yielded a bonus. With the help of the lovely ladies after bingo we picked a basket of appetizing pods all at the proper stage for cooking. Sylvia Gilbert prepared them in time to be served at supper. Fortunately not everyone likes string beans so there was a generous serving for each of those who did. While we were at Ottawa we had two lovely feeds of fresh garden corn home grown and immediately picked, shucked and cooked. The string beans and the corn both were delicious and memorable and neither was 'best'.

Without Ivy Shaw to guide the gang into newsworthy capers we are forced to explore Ontario and at once we see Yonge Street at the water front and follow it north to Moosonee on James Bay as was originally planned. Should Yonge Street not be deemed to be desirable for such a long road it could be called 'The Bill Davis Drive

Away'. Bisecting this road at right angles is the 45th parallel on which, like birds on a telephone line from west to east, are Minneapolis - St. Paul, Bracebridge, Haliburton, Bancroft and St. John, N.B.

A little better than a month hence there was the Fall Equinox that already sounds chilly.

We seem to have a good fix for the hummingbird feeder because now a customer comes along every 15 minutes to take on fuel. We consider ourselves very privileged and fortunate.

Three excellent movies were shown Thursday afternoon. Ray Smith projectionist. 1. Journey North showing the Inuit of Canada. We were surprised to see how happy and cheerful they are. They were occupied in gathering food, fish, caribou and buffalo meat. Further it showed their expertise in

building an igloo quite as sophisticated as our block and brick layers. 2. Impressions on the Peace, a film depicting the largest dam in North America on the Peace River in Northern British Columbia. Before the film was through the whole gang had the urge to move to this beautiful area of Canada. 3. Song of the Season, a surprise to us to learn that tiny Cape Breton Island of Nova Scotia leads all of Canada in sheep culture. They have herds of thousands and each animal has a record kept by the herder as to his or her productivity and blood lines. They appear to be a happy animal but so dependent on their master or mistress. A shepherdess heads sheep culture in the Nova Scotia government. The lambing process is cuter than any fairy tale. One fleece has enough wool to make two, two-piece woolen suits for an

average man. Haliburton is a good place for sheep but would need much fence.

The Rev Stan Rukin, pastor of the Allsaw Pentecostal Church and his wife Geraldine, pianist, conducted the devotional period Friday morning. The service was opened by the reading of Psalm 12 and later the theme was taken from Matthew 12, v. 24 about the two houses - one built on sand and the other on rock exemplifying Christ. Pastor Rukin's musical voice dominated the singing.

DISTRICT NEWS

Coboconk News

by Sheila Lake

The rain that fell late Thursday and all night, was welcomed by practically everyone, excepting campers. However, being without electric power for over two hours was not the greatest. I guess it could have been worse as other areas were without power for longer than two hours.

Mary MacNeal, a young mother of two children, was killed in a traffic accident north of Norland last weekend. Although she lived in Lindsay, she was well known here. A number of relatives on her mother's side lived here. Services were held at the Cameron Funeral Home and interment at Coboconk cemetery, Monday morning. Mr. and Mrs. Bill Travis arrived from Moosimin, Saskatchewan to take home their two little girls who have been holidaying with the Ben Farrow's and Lavern Greer's family.

Mrs. Nora Toole is home after spending several days in Ross Memorial Hospital. Mr. and Mrs. Short and family of Belleville were visitors of her aunts, Mr. and Mrs. Ross Faulkner and Mrs. A. Marles last week. Other visitors included the John Hollinger's, Norman Baker's of California and Texas. John Hollinger Junior and his wife, Alma Hunt from Fenelon Falls and Lillis Penrose from Lindsay.

Winners in last week's

seniors euchre were: ladies first - Marion West, 73; ladies second - Marg Dion, 69; ladies consolation - Jean Thompson; most lone hands - Leslie Ramsey 4; men's first - Martin Froud, 77; men's second - Charlie Brown, 70; men's consolation - Don Barker; most lone hands - Martin Froud, 5.

Bridge winners were first: Peggy Saunders, 5950; second: Dorothy Grant, 5000; low - Lyle Larmour, 800.

Winners in the raffle were: first - hamper of groceries - Tony Bonice of Scarborough; second - an afghan - Ada Thomas, third - five dollars - Tom Bowins.

At "Pioneer Days" the crowds came out to take part in the festivities Saturday in Coboconk. More about that next week.

Lloyd Faulkner and Lawrence Davis of Belleville and Mr. and Mrs. John Faulkner of Peterborough were Saturday visitors of Mr. and Mrs. Ross Faulkner.

Grant Benson sold his home on Francis St. or Baseline Road and an auction sale will be held September 11.

Mrs. Ruth Hall and Mrs. Cindy McCall of Lindsay were visitors of Mr. and Mrs. Sam Routley. Mr. Leslie Puterborough celebrated his 91 birthday at his daughter's, Millie Routley's, August 18. Congratulations Mr. Puterborough and many more. I hope you continue to keep well.

Financial help is available to renovate local homes

by LEOPOLDINA DOBRZENSKY

"I would like to renovate my home."

Financial help is available from Government sources to homeowners who plan to renovate their house.

If a contractor is hired and the home to be renovated is a principal residence, the project may qualify for a loan

under the Canada Home Renovation Plan. For further information contact The Canada Mortgage and Housing Corporation, Box 689, Peterborough, K9J 6Z8.

Applicant's guides are available at the Haliburton County Information Centre, Drag River Municipal Building, Maple Street, Haliburton. Telephone 457-2733, Monday to Friday, 10 - 2:30 p.m.

Kinmount Korner

by Millie Moss

Sincere sympathy to family and friends of Martin McNamara of Peterborough, who died Tuesday night, August 10. Irene and Dave McNamara along with Hugh and Vera McNamara of Fenelon Falls attended the funeral of Dave's youngest brother, in Peterborough, August 13.

The Norland U.C.W. will hold their annual half price sale at the Norland Opportunity Shop on Highway 503 just below Highway 35 on Saturday, August 28 and Saturday, September 4. The time is 1 to 4 p.m. every

Tuesday and Saturday. All good, used items will have to be cleared soon so come out and have a look, you may find what you've been looking for.

A very happy, though belated, silver wedding anniversary is wished for Joyce and Gerald Bartley on August 1. May your next 25 be even better.

I was sorry to hear Lyle Anderson was still in hospital as of last week. Get well soon Lyle, those church bells just don't sound the same without you. I was pleased to hear Betty Lonsdale arrived home from hospital Saturday, August 14 and is feeling very well following her surgery. She told me in a phone chat on Tuesday morning that Lyle was to be home soon too. Welcome home Betty.

The maples are beginning to turn red on the way to Haliburton.

Ruth Menard, of Kinmount, will be entering Lockwood Clinic September 1 for tests and I'm sure she would appreciate the community's good thoughts.

Charlene and Steven Fountain, of Oshawa, were week-end guests of Clara and

Ambrose Watson.

Phil, Karen, Gregory and Linda Watson, along with a friend, Gary Hargreaves, all of Oshawa, have been guests for a few days at the home of Herb and Olive Wilson in Kinmount, and they also visited with Ambrose and Clara Watson while here.

Results of the 13 tables of euchre players at St. Patrick's Hall, Tuesday, August 17: ladies' high: Violet Cooke, ladies' low: Mildred Elliott, men's high: Harold Scarlett, men's low: Helen Jones, lone hands: Kay Howes.

I was sorry to hear Archie Bowman cut his hand, requiring 20 stitches. He cut his hand while using a chain saw Saturday, August 14. I hope you're feeling better soon, Archie.

Happy birthdays go out to Rose Marie Crego on Friday, August 20 and to Tony Crego on Wednesday, August 25.

A very happy anniversary to Laverne and Ruby Greer on Monday, August 23.

Well folks, the annual flower section of our local Horticultural Show is once

again behind us. The weather sure gave us a scare with the heavy rain, winds, thunder and lightning. There we were, preparing for a big crowd, everything at the ready and most folks decided to stay home. Then came the evening show with even heavier storms, but our old community hall was jumping. Everyone seemed to enjoy the beautiful displays and winners were happy and made their plans for next year. You can learn something new each year.

September 16, our Vegetable, House Plant and Cake Competition will take place from 3 to 5 p.m. and 7 to 8:30 p.m. at the Canadian Legion Hall in Kinmount. Admission is adults 75 cents, children 12 and under 25 cents. In the evening the raffle will be drawn. There will be refreshments and door prizes.

Here is the recipe for "Bounty Bars" - 8 oz of coconut, 2 oz icing sugar, 4 tbsps. condensed milk, Kake brand chocolate. Mix all dry ingredients together. Roll into bars. Coat with melted

chocolate and leave to set.

Apple Creams: Pastry: 8 oz plain flour, 4 oz. margarine, 2 tbsps. sugar, 1 egg. Method: Rub in flour, margarine and sugar well. Mix in egg and some milk if needed. Put into bun tin. Bake until they are ready. Put in just as many apples as you think will do the pastry. Cook into applesauce. Wait to cook before putting into pastry. Put a blob of cream on top.

Thanks to Dorothy McIlwaine of Glenwherry, Ballymena, Co. Antrim, N. Ireland for taking time to write and send the above recipes.

Stay well and happy and be here next week.

A late flash: it appears we are to have new neighbours on the "Avenue". A couple from Stoney Creek who came asking re: property on the west side of our road a few weeks back, just now again, came to our door. It's final. They have purchased the corner lot, have the deed and are now awaiting the "go" signal to start building another new home. It appears Kinmount is expanding once again.

Trent Severn News

High evaporation rates occurred over the watersheds of the Trent and Severn Rivers last week which resulted in a decline of reservoir storage of 5.5 per cent to 71.5 per cent by August 16. The ten-year average at this date is about 68 per cent so the remaining water is somewhat greater than average.

This week the flow from the Kawartha Lakes has been reduced to near the normal minimum for dry conditions to help reduce the draw of water from Haliburton. Several of the Kawarthas were lower than maximum level for navigation until rain Thursday afternoon and evening increased them one

to two centimeters.

The past three weeks have seen heavier demands on the Peterborough County Reservoir Lakes of Anstruther, Mississauga, Eels and Jack to help maintain levels of the Kawarthas from Deer Bay to Lakefield. Water was also drawn from Scugog Lake

Please turn to Page 12

Complete energy security for Canada

is this close!

We're using less oil.

In Canada, we are able to produce more electricity, natural gas, propane and coal than we need. When we bring our oil production into balance with our oil consumption, Canada will be completely self-sufficient in energy. And with the assistance of programs from the Government of Canada, that's exactly what's happening.

- Thousands of homeowners and businesses have used Canada Oil Substitution Program grants to convert from oil to other fuels for heating.
- Over a million have used Canadian Home Insulation Program grants to cut energy consumption by improving insulation.
- A major pipeline project is taking western natural gas to new markets to help reduce dependence on oil. Another program is helping gas utilities to extend service to new customers.
- The Propane Vehicle Grant Program is helping operators of large fleets of vehicles convert from gasoline to clean, economical propane.

Government of Canada research and development is finding new ways of reducing our dependence on oil. Improved insulation techniques for homes, water heating from solar energy, generation of electricity by wind power, use of waste materials as an energy source are all being demonstrated in current federal government projects.

We're finding more oil.

In the north, in spite of difficult economic times over the past year and a half, there have been new oil discoveries in both the Beaufort Sea-Mackenzie Delta and in the Arctic Islands areas.

Canada's established oil reserves, as estimated by the Canadian Petroleum Association, increased in 1981 with the inclusion, for the first time, of the promising Hibernia reserves in the Atlantic offshore.

Enough gas has now been proved off Sable Island to proceed with development. All told, natural gas reserves have been discovered at more than twice the rate of production in Canada in recent years.

Energy security — a source of strength

In October 1980, the Government of Canada announced a series of programs and initiatives to make Canada self-sufficient in energy by the end of the decade. Its name — the National Energy Program.

After just 18 months, it's clear that the program is working, and that the majority of Canadians share the Government's energy goals.

To reduce our need for oil, homeowners and businesses are enthusiastically participating in the many Government programs designed to help them convert from oil to alternative fuels.

To increase our reserves of oil, billions of dollars are being invested in new exploration and development projects by the petroleum industry, despite unfavourable economic conditions.

When oil consumption and oil production are in balance, we'll have energy security, a source of strength for any country in today's world.

Already, Canada has taken a significant step towards energy security.

it's working!

Together, we'll make it!

Enquire about Government programs, many backed by grants and incentives, which can help homes and businesses reduce their energy costs by conserving and converting. Write:

Farm News

Alfalfa Needs A Rest

Many Victoria County farmers have harvested their second crop of hay. August 20 is considered to be the "critical date" for harvesting alfalfa in this County. As a result, the deadline for cutting alfalfa fields is now passed.

It costs a lot of money for a farmer to establish a good crop of alfalfa. When you get a good stand, you hope to keep it for several years. Unfortunately, alfalfa can easily be killed, especially by the severe winter conditions which usually prevail. However, there are several things

a farmer can do, to help the alfalfa crop survive our winters.

The first step is give the alfalfa a rest during the six week critical period in late summer. During this rest period the alfalfa has a chance to develop enough

Guilford Pulse Beat

by Bill Wood

Hi folks! Another week has slipped away and its time to bring you up to date with the area's happenings.

Monday, August 16, our West Guilford ladies softball team was defeated in the last game of the semi-finals. A nice crowd was at the Haliburton diamond to cheer on their favourite team, but alas, our girls went down swinging. Final score Haliburton, 20, West Guilford, 19.

The Haliburton team will now face off with the Minden ladies in the finals.

My congratulations to the West Guilford girls for the fine season they put in and better luck next year.

News Flash! Kennels Lake: Jim and Gloria Carochan are adopting a new "baby" at the end of August. They are now in the process of purchasing the former Highland Park Marina. Jim's contracting business and Gloria's pottery crafts will operate from the marina. There will be a year-round snack-bar and complete marina facilities available for the general public.

This marina, which will be known as "The Backwoods Marina" will be a big asset to the Kennis Lake cottagers and other area people as well. Congratulations to this fine, ambitious, and friendly couple and the best of luck in their new venture. Watch for the grand opening of "The Backwoods Marina" at a future date in the Haliburton Echo classified section.

While reading Creighton Feir's column, regarding the many honest people in this world, I was deeply touched and honoured to know that three local area youths found and returned a wallet and pair of shorts to the rightful owner. The two articles were found on the Highway by the public beach. The wallet contained a fair sum of money, credit cards, and important identification papers. While one of the finders were trying to locate the owner in the Toronto phone book, another was using our local phone book and came up with the owner's phone number on Maple Lake. John Dron, Maple

Lake cottager, was delighted and surprised to receive his wallet and shorts returned intact. He thought that his planned trip to the States would have to be cancelled because of his lost credit cards and identification papers, and added, that he thought he had seen the last of his wallet. John wishes to thank and bless the finders, through this column. I have only one question, John. How can you lose your shorts and not miss them?

A tip of the good neighbour hat to the three young honest people who did the right thing, quickly. Esther Cooper, Jim Miller, and Bethany Wood, take a bow! Thanks kids. My faith in humanity has been restored, also.

No takers for the Guilford Pulse Beat column yet, but I have high hopes someone out there will show an interest, to keep this reporter's column going. Call 754-2854 for details and training.

No more news for this week, folks, so until my next column, God bless and take care until then.

Chatting with Irene

by Irene Moore

Well my friends, summer soon will be gone again. Where has it gone? It seems no time since we were all saying that it was so nice to have the warm weather with us. After this past weekend we were all wondering when we should dig out warmer clothes. Sure Saturday was sunny but cool; Sunday we nearly froze in the rain and wind. Oh well, Autumn is now less than one month away, so what can we expect, one thing I hope is that this winter is not as cold and less snow falls than last year, or I'm afraid I'll hibernate like the bears.

Birthday at Hyland Crest Home for September are: Isabella Eastman, 9th; Frank Billings, 12th; and Mary Oliver, 26th. Don't forget a phone call or a card is very important to anyone. Don't forget the Deck

Hands will be at Minden Library this Thursday, at 3 p.m.

Last week we said farewell to Rev. and Mrs. G. Miller; this week we congratulate Rev. and Mrs. G. Elliott on the arrival of their daughter on August 18.

Mrs. Nellie King celebrated her birthday. She had her daughter and son-in-law, Mr. and Mrs. Andy England of Barrie, and other visitors with her on her special day.

The Museum committee is raising funds to repair the outside of the building, that will house the articles of interest to the community. Saturday, September 4, the group will hold a bake sale on Main Street at 10 a.m. They would appreciate all the help they can get, both with baking and buying. The Council placed the building

at its new location, but now it is up to the people of this area to take it from there. So don't forget your help is needed.

Bradley Robinson of Scarborough spent the week-end with his parents Mr. and Mrs. Phil Robinson.

Minden Library will be closed on Labour Day, September 6, also on the local Civic holiday, September 20.

Mr. and Mrs. David McCallum of Scarborough spent the week-end with Mrs. Ethel Harrison.

Rev. Tom Gracie took the services at the Minden, St. Stephens, and Maple Lake Churches last Sunday.

Children's cartoons will be shown at the Minden library, Friday evening, also September 3. Then they will be shown every two weeks.

This is the time to try Golden Carrot Cookies: 3/4

cup shortening; 3/4 cup sugar; 1 cup grated raw carrot; 1 teaspoon vanilla; 1 beaten egg; 2 cups flour; 1/2 teaspoon salt; 2 teaspoon baking powder; cream shortening, and sugar, add carrots, vanilla and egg. Stir in remaining ingredients. Drop by teaspoon onto greased cookie sheet. Bake in 350 degree oven for about 12 minutes.

This is the last week to see the exhibit at the Agnes Jamieson Art Gallery, which depicted life in the early days. Next week Dr. Harry Good's collection of Eskimo art will be on display.

Mr. and Mrs. David Davidson of Toronto spent the week-end at their cottage.

The County Fair is over for another year. Our congratulations to the Fair Queen, Christine Neave of Twelve Mile Lake, also to runner

ups, Marie Rosenberg, and Kim McDonald. Christine would like to thank her sponsors, Four Seasons Store and Campbell's Garden Centre.

Mr. and Mrs. Phil Robinson and Bradley visited with Mrs. Noble Dunn in Lindsay last Saturday.

Dorothy and Laurie McCallum of Lindsay are visiting with their aunt, Mrs. Ethel Harrison this week.

It was nice to see so many horses in the County Fair Parade last Saturday, although the Townships' and Merchants' floats were not to be seen. I wonder where they all were? The parade was excellent even without them, but it would have been nice to have more local floats in the parade.

It takes all sorts of folks to keep a town alive, and please do not forget there is some-

Gooderham News

by Mary Hadley

Julie Raby, 18 years old of Hampton, won the Canadian Ladies' National Open Banjo Championship recently. It was her second win at the competition held yearly in the town of Durham.

Her win is impressive when one considers that she has only been picking her five-string banjo for three years. Her father, Ross Raby, a former resident of Gooderham, plays the guitar, and Julie has been around bluegrass all her life. She borrowed a friend's banjo one day and, after trying it out for awhile, decided to take a year of lessons. Now she teaches banjo at home and at a Port Perry music store. A member of the Pineridge Bluegrass Association, she hopes to join a bluegrass band there.

She competed against six other women of all ages from across Canada and the U.S. Her trophy and \$200 was awarded for her rendition of "Help Me Make It Through The Night" and "Banjo Signal". Julie is a granddaughter of Iva Hunter. We extend congratulations and sincere wishes for future success.

Swimming lessons are

over for this season. The young children who acquired a yellow badge were: Max Weber, Angie Thompson, Christine Vanderland, Erin Petit and Jimmie Dewey.

Winners of the orange badge were Endre Weber, Anthony Billings, Jamie Billings, Michael Billings, Wayne Barr, Melissa White and Arlene White. These children also won the red badge. Passing, with a maroon badge were Kristy Sauve, John Vanderland, Jason Billings, and Cory Hunter. Gaining a blue badge were Liz Barr, Ken Sauve, Jeff MacDuff, Judy MacDuff, Jason Stoughton and Jamie Hunter. Those who passed with a grey badge were Kathy Sauve, Carrie Billings, Scott Hunter, Shawn Stoughton, Keri Vanderland and Robbyn Rempelgas.

An extra class this year was the Royal Life Saving Bronze Medallion which was won by Tina Noseworthy, Robin McCausland and Melanie Dewey.

Congratulations to those who passed their tests and thanks to the instructress, Lynn Pipe.

Doreen and Bill Kendall

delighted their grandchildren, Laura and Robbie Kendall, when they took them for a ride in Carmon Titus's seaplane. They saw our area of lakes and trees spread out like a patchwork quilt. It was a thrilling experience to see the outlines of our many lakes and to note that the trees and water seemed to dwarf our settlements. Some coloured leaves atop the trees shone like jewels.

We are glad to know that John Travis is home from hospital in Peterborough following successful back surgery.

Rita Bailey of Fenelon Falls with her daughter, Ruth Comrade, and her two grandchildren, visited her sister, Grace Billings, last week.

The U.C.W. bazaar and bake sales held recently proved quite successful. The ladies thank the donors and patrons.

Roy Hadley of Peterborough, a former resident, visited his sisters, Ruby

Maxwell and Violet Dovell, as well as former friends in the community last week.

Twenty members of the Gooderham U.C.W. met at the summer home of Helen McNamara on Pine Lake last Tuesday. Grace Billings, president, led in an inspirational devotional period in which the ladies participated. After the business period, Marion James showed beautiful slides and narrated in an interesting manner about her recent trip to the Arctic. She travelled by luxurious steamer, train, plane and bus to the land of the Midnight Sun. The hostess served a dainty lunch.

Chris Hanthorne with his wife, Heather, and their foster children, Brendell and Jenny, are holidaying at his parents' cottage on Pine Lake. Their duets accompanied by Chris on the guitar, were much enjoyed at the Pentecostal Church.

Sharon Sauve, Marilyn Billings, and girls of the Chatterbox group have returned after spending three

delightful days at Natureland Bible Camp at McArthur's Mills.

Visitors with Jean and Army Goff last week-end included Army's sister, Ethel, of Brampton; his brother, Rev. Reg. Goff with his wife, Verla of Tucson, Arizona, their sons, David and Peter with Peter's friend from Toronto; their daughter Kathy with her husband, Rod Anderson and two children, Aaron and Ashley of Uxbridge. Reg and Verla Goff attended the C.F.O. camp at Golden Lake for a week where they were speakers.

While playing ball with the Gooderham men's team, Lorne Hunter had the misfortune to break his thumb.

Beverly and Olaf Kraulis with their children, Katherine and David, of Toronto, are holidaying with Beverly's parents, Rosaline and Murray Madill.

Vivian and Blair Hanthorn celebrated their thirtieth wedding anniversary on Sunday with a family reunion at their cottage on Pine Lake.

Dorset News

by Phyllis Briscoe

"For everything there is an appointed season, and a time for everything under Heaven. A time for sharing, a time for caring, a time for loving and a time for remembering."

The Anglican ladies would like to thank all of the people who contributed to the success of their bake sale with donations of money or baking and also those who came to buy. The weather cooperated also.

The Hector McKays have been celebrating birthdays lately. They attended a party for their great granddaughter, Kory Sadie Ford, daughter of Wanda and Daryl Ford of Novar, who was one year old on August 16. August 15 there was a surprise party for their son, Earl, at his cottage on Paint Lake.

Mrs. Violet Sampson and her sister, Mrs. Margaret

Boudreau were recent visitors with relatives in the village. The two ladies reside in Oshawa.

There is lots of activity on the lake these days. As well as motorized boats there are canoes to be seen gliding along and sail boats with many colored sails, which are very picturesque.

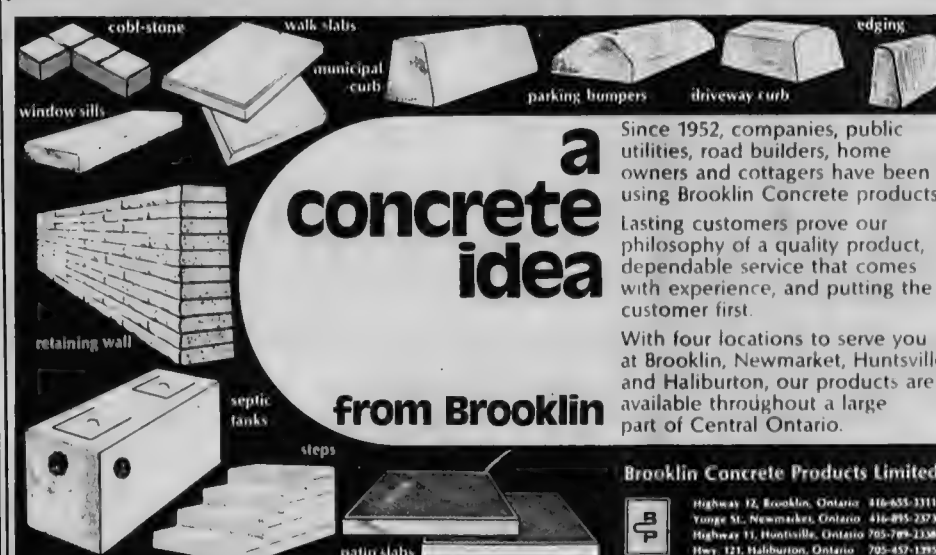

From all accounts there are a great many bears roaming around. They have been seen on the roads and by the roadsides. You are warned not to get too close to one and never try to feed them, as they don't know where the food ends and your hand begins. The best thing to do is to stay away from them if you can, don't disturb them and don't leave food around to attract them if you are camping.

Mrs. Jean Jones of Scarborough visited me for a few days. Jean is an annual vis-

itor and a welcome one as she is good company and enjoys the local environment very much.

H.H. To eliminate weeds, grass and insects from cracks in concrete or stone patios or walks, simply pour boiling water on the unwanted growth. Weeds and seeds will be killed and the earth sterilized. While you are at it, why not boil enough water so that you can have a nice refreshing cup of tea afterwards.

Galway Cavendish regular council meeting

The regular council meeting of Galway/Cavendish was held August 9.

The Galway Platoon of the Galway Cavendish Volunteer Fire Department provided minutes of July 18 meeting to council.

It was decided to discontinue the fire training sessions until September.

The firemen purchased a gallon of paint and painted the flag pole.

All other business was postponed until the next meeting.

Trent Severn

and Buckhorn lakes for a few days, August 14 and 15. The flow from this source was cut off again August 16 by our Trent-Severn Waterway employees.

which had been near its spring level until the past couple of weeks. This helped replace losses from Sturgeon

Chatting

from page 11

Don't forget that November is election time in the County. Some have already thrown their hats in the ring, but no ladies have shown an interest yet. There should be at least one woman on every Council to keep the men on their toes. Remember the saying behind every politician stands a woman? Adios and take care now.

thing you can do, no matter how small it is; if we all work together the town will grow, but if you sit back and say "let someone else do it" you are killing your town.

The film shown at Allsaw Pentecostal Church on Sunday evening is A Thief in the Night.

meeting.

The minutes of the July 26th meeting were adopted as circulated.

Approval was granted to Ronald J. Werry to purchase the 66 feet of road reserve lying on part lot 18, concession 3, Cavendish Township at a price of 6.5 cents per square foot (approx. 8,646 square feet) for a price of \$540.37 and further that the Clerk is hereby authorized to prepare the necessary by-law when the above funds plus costs are received from Mr. Werry.

The Clerk was authorized to raise the required by-law and supporting documents to sell Parts 1, 2, and 3 on registered plan 45R4252 to Mr. E. Bernhardt and Parts 4 and 5 on registered plan 45R4252 to Mr. R. Harper as per Mr. Bernhardt's letter dated July 21, 1982 and agreed to in writing by Mr. Harper on the same date.

Galway Acres Limited was granted a three month extension to their proposed plan of subdivision on Birch Bark Lake, (August 6, 1982) as requested by their solicitor.

The Clerk was authorized to prepare an agreement between Harvey Township and Galway Cavendish Township, which will permit the residents of Harvey Township on Highway 507 north of Highway 36 to utilize the Cavendish Land Fill Site and the residents of Galway Township on Bass Lake to utilize the Bobcaygeon Land Fill Site and further that the Reeve and Clerk were authorized to sign the agreement.

The minutes of the Galway Platoon of the Galway Cavendish Volunteer Fire Department meeting of July 18, 1982 were accepted as read.

Mr. Ira Robertson attended the meeting to request two fire signs for Green's Lake and to discuss the equipment hired by the Township for road construction purposes. Mr. Robertson was informed that his request for fire signs would be placed in the 1983 budget and that the road worthiness of the hired equipment was the responsibility of the owner.

Western band to entertain

The audience is promised "a different kind of cowboy show" when the Midnite Rodeo Band comes to the Wilberforce arena, Saturday evening.

The band, including award winning performers, plans to entertain the crowd with "pure country music".

They will appear on the Monmouth Arena stage at 9 p.m. and play until 1 a.m.

Admission is \$5 per person.

Farm News

from page 11

top growth, to build up the food reserves in the roots. These reserves help the roots survive the freezing temperatures during the winter and then get the new growth going next spring.

If alfalfa is harvested during this critical period either by cutting it for hay or by closely pasturing it with livestock, then the plants use up any existing reserved food to try to grow new top growth this fall. This then leaves a weakened root going into the winter and the chances of it being killed are much greater.

So for the next six weeks, from August 20 until October 1, do not harvest your alfalfa fields if you want a good crop next year.

A second way to help the alfalfa survive the winter is to top dress the field with a potash fertilizer right away.

This potash fertilizer also helps to build up the food reserves in the roots.

An easy way to understand what happens is to compare the potash in alfalfa with the anti-freeze put in the radiator of a car, truck or tractor before winter freeze up. The more anti-freeze, the better able the vehicle is to withstand colder winter nights.

The amount of potash fertilizer your alfalfa field needs can only be determined by a soil test. Soil sample boxes are available from most farm supply outlets and the Agricultural Office. If a soil test has been taken in the past two years, then a specific recommendation can be made from that test.

Contact the agricultural office or a fertilizer supplier for more details.

Agricultural Events This Week

Dysart et al considers municipal matters

Dysart Finance and Correspondence Committee held a meeting in the council chambers, Sunday, August 8 at 10 a.m.

The finance and correspondence committee recommended the payments and correspondence to Council. Murray Fearrey declared interest in Voucher #3763 and #3874.

The regular meeting of Dysart Municipal Council was held August 9.

The minutes of July 9 (Finance and Correspondence), July 12 (Council), and July 21 (Special) meetings were adopted as read.

The following accounts were approved for payment: General accounts totalling \$75,130.18, road accounts totalling \$171,829.73, and social services totalling \$8,759.91. Gary McKnight declared interest in Acct. #4128.

Peter Lymburner was requested to provide the municipality with a soils engi-

neers report on hill stabilization as requested by the Engineering Firm in charge of the building.

The offer for land - Plan 459, Lot 35, in the Township of Harburn, by Raymond Pottier for \$3,500 was accepted.

The offer for land - Block B and Lot 38, Plan 348, in the Township of Dudley, by Larry Vick for \$1,100 was accepted.

The offer for land - Plan 459, Lot 34, in the Township of Havelock, by F.A. Park for \$6,500 was accepted.

The offer for land - Blocks A and B, Plan 435, in the Township of Dudley, by R. Saarakoppel for \$4,150 was accepted.

The offer for land - Plan 500, Lot 129 and 130, in the Township of Harcourt, by James Williams for \$10,500 was accepted.

The offer for land - the Donald School House, by Irv Gethke for \$9,500 was accepted.

The offer for land - Lot 11, Plan 377, in the Township of Havelock, by Mr. Corbett for \$11,000 was accepted.

The offer for land - Blocks A and B, Plan 434, in the Township of Dudley, by R. Saarakoppel for \$7,150 was accepted.

Council concurred with the resolution passed by the Town of Warton: That

whereas the Ministry of Transportation and Communications has stated that projects under the ONIP will not be eligible for MTC grants, And whereas this will greatly reduce the provision of needed services to the community. Now therefore be it resolved that we petition the Ministry of Transportation and Communications to permit projects under the ONIP to be eligible for MTC grants, And that the resolution be circulated to all municipalities in the ONIP.

Also to be notified, The Town of Warton, and the Ministry of Transportation and Communications.

The offer for land - Plan 350, Block B, in the Township of Harburn, by Barbara J. Clifford for \$2,000 was accepted.

By-law No. 82-30, being a by-law to propose speed limits of 50 kph on certain roads, was read a first time.

By-law No. 82-32, being a by-law to regulate and govern the erection of posting of signs within the Corporation of the United Townships of Dysart, Dudley, etc., was read a first time.

By-law No. 82-33, being a by-law to expropriate certain lands in Kashagawigamog Lake (Silver Beach) was read a first time.

By-law No. 82-34, being a by-law to expropriate certain lands in the vicinity of Evergreen Cemetery, was read a first time.

Council adjourned to the Committee of the Whole for second reading of By-law No. 82-30, 82-32, 82-33 and 82-34. Harold C. Bannan was appointed Chairman.

Committee of the Whole was adjourned and Council resumed.

By-law No. 82-30, 82-33 and 82-34, was read a third time, finally passed, signed and sealed.

Percy H. Lymburner, Haliburton, Ontario was granted permission to erect an open deck onto an existing building located at Part Lot 7, Block "F", Plan 1, Dysart Township. The deck is to remain open and a six foot encroachment onto municipal road allowance is recognized. This permission could be withdrawn and the structure would have to be removed, at Council's discretion, at any time.

Council approved in principle to the final conceptual plan of subdivision for Miskwabi Lake as presented by Hasley Developments and recommends that the plan be submitted to the Ministry of Municipal Affairs and Housing for comment.

The recommendations and proposed by-law was accepted from the Trees Committee and the said by-law was recommended to County Council for approval at their next regular meeting to cover the Townships of Dysart et al only. Council thanks the Committee for their dedication and assistance in this matter.

The Municipal Solicitors and the Municipal Law Enforcement Officer will proceed with charges, Con. 4, Lot 12, Guilford Township, on lands of Brown et al, re: Violation of Zoning By-law. Council adjourned at 4:15 p.m. until the next regular council, September 13, unless called prior to that time by the Reeve.

Delegations present were: Kennis Lake Cottagers Assoc. re: roads, general com- Please turn to Page 15

Municipality of Dysart et al

NOTICE OF APPLICATION FOR APPROVAL TO EXPROPRIATE LAND

IN THE MATTER OF an application by the Corporation of the United Townships of Dysart, Dudley, Harcourt, Guilford, Harburn, Bruton, Havelock, Eyre and Clyde for approval to expropriate land being part of Lot 19, Concession IX, in the Township of Dysart, in the Provisional County of Haliburton for Municipal purposes being an extension to the Township cemetery.

NOTICE IS HEREBY GIVEN that application has been made for approval to expropriate the land described as follows:

All and Singular that certain parcel or tract of land, situate, lying and being Part of Lot 19, Concession IX, in the Township of Dysart and being more particularly described as Part 1 together with a right-of-way in, over, along and upon Part 2 on the Expropriation Plan by Paul Wilson, O.L.S., and dated April 1, 1981 and available for inspection at the Township Municipal office.

Any owner of lands in respect of which notice is given who desires an inquiry into whether the taking of such land is fair, sound and reasonably necessary in the achievement of the objectives of the expropriating authority shall so notify the approving authority in writing.

(a) in the case of a registered owner, served personally or by registered mail within thirty days after he is served with the notice, or, when he is served by publication, within thirty days after the first publication of the notice;

(b) in the case of an owner who is not a registered owner, within thirty days after the first publication of the notice.

The approving authority is the Council of the Corporation of the United Townships of Dysart, Dudley, Harcourt, Guilford, Harburn, Bruton, Havelock, Eyre and Clyde, Maple Avenue, Haliburton, Ontario KOM 1S0

THE CORPORATION OF THE UNITED TOWNSHIPS OF DYSART, DUDLEY, HARCOURT, GUILFORD, HARBURN, BRUTON, HAVELOCK, EYRE AND CLYDE.

Notes:

1. The Expropriations Act provides that, (a) where an inquiry is requested, it shall be conducted by an inquiry officer, appointed by the Minister of Justice and Attorney General; (b) the inquiry officer, (i) shall give every party to the inquiry an opportunity to present evidence and argument and to examine and cross examine witnesses, either personally or by his counsel or agent, and (ii) may recommend to the approving authority that a party to the inquiry be paid a fixed amount for his costs of the inquiry not to exceed \$200.00 and the approving authority may in its discretion, order the expropriating authority to pay such costs forthwith.

2. "owner" and "registered owner" are defined in the Act as follows:

"owner" includes a mortgagee, tenant, execution creditor, a person entitled to a limited estate or interest in land, a committee of the estate of a mentally incompetent person or a person incapable of managing his affairs, and a guardian, executor, administrator or trustee in whom land is vested; "registered owner" means an owner of land whose interest in the land is defined and whose name is specified in an instrument in the proper registry, land titles or Sheriff's office, and includes a person shown as a tenant of land on the last revised assessment roll;

3. The expropriating authority, each owner who notifies the approving authority that he desires a hearing in respect of the lands intended to be expropriated and any owner added as a party by the inquiry officer are parties to the inquiry.

THIS NOTICE first published on the 11th day of August, 1982.

Galway Cavendish council has meeting

from page 12

many of comments made by Reeve Brickman at the Peterborough County Council session of August 4:

Galway Cavendish Planning expenditure of \$26,400 was exceptional in 1981 due to Official Plan and Ontario Municipal Board hearings.

The County, has a need to have planning expertise to look after their interests in roads, bridges, developments that will impact the county economic structure, industrial development strategy, land division, Official Plans and amendments, by-laws and amendments.

The need for a county planner was supported but not with the times to set up and organization that will entail an additional expenditure of \$80 annually.

It was suggested the county respond to these needs by hiring a planner, utilizing 50 per cent of land division secretary and total maximum out of pocket cost would be \$30 to \$35.

By-law 82-34, being a by-law to confirm the proceedings of Council at its meeting held on the 9th day of August, was read a first time, second and third time and passed.

Letters

Lutterworth discusses new zoning by-law

A special meeting of the Council of the Corporation of the Township of Lutterworth was held July 15.

The Municipal Planning Consultant was present to discuss the Township's new Restricted Area By-law 4-81, as amended. The members of the Council and John McDermott reviewed correspondence from the Ontario Ministry of Natural Resources' Algonquin Regional Director, concerning the Ministry's modified position on Environmental Protection

Zoning provisions and previously prepared Township Hazard Land Mapping. McDermott and Council noted two options open to the Municipality: amend the associated Hazard Land Mapping, undertake a full circulation of the amending by-law to ratepayers, government departments and agencies and apply to the Ontario Ministry of Housing for additional grant funding to recover the costs involved or proceed to Ontario Municipal Board Hearing with the by-

law as amended, to resolve objections and concerns from ratepayers.

By-law no. 4-81 was not amended to incorporate an Environmental Protection zone.

Members of Council and Mr. McDermott also discussed a preliminary draft of an amendment to by-law number 4-81, as amended to resolve objections raised to the by-law; McDermott's letter to council regarding the objection raised by M. Fletcher, by her agent B. Berube, concerning Fletcher's property, Part of Lots 9 and 10, in Concession 11. Council authorized McDermott to prepare a site specific zoning amendment to by-law 4-81 to alter the zoning on Fletcher's shoreline property from Rural to Shoreline Residential - Type Two; McDermott's letter to council concerning objections to by-law 4-81: Kernohan Construction Limited, modification of the provisions of the General Industrial Exception

Lutterworth council

from page 15

Five (M1-S) Zone, as requested by Mr. Kernohan. The proposed amendments were authorized by council; L. Lemieux, request for site specific zoning amendment to alter the zoning on his property from Rural to Highway Commercial as formerly provided under Township Restricted Area By-law 13-72, as amended. Council authorized this site specific zoning amendment; McDermott advised Council he would not recommend the provisions of the Rural (RU) Zone which apply to dwelling unit area requirements be amended. Council made no amendment to By-law 4-81.

Harold Todd's objection to the minimum dwelling unit area requirement of 70 square metres for a seasonal dwelling house in the Rural (RU) Zone was withdrawn; William L. Sharpe objected to the zoning of certain lands on the east side of Little Bob Lake within the Shoreline Residential-Type Two Zone and requested a site specific zoning amendment to alter the zoning classification from Shoreline Residential-Type Two to Shoreline Residential-Type One. McDermott advised Council this location was one of the areas of SR-1 zoning eliminated from the By-law to satisfy certain concerns raised by the Ontario Ministry of Housing. In view of the fact the Ministry has accepted the township's modified position on areas to be zoned SR-1, McDermott noted that Mr. Sharpe could at a future date, following the approval of the by-law by the Ontario Municipal Board, seek a site specific zoning amendment. Council authorized no site specific zoning amendment in this regard at this time.

The regular meeting of Lutterworth Council was held July 15.

The minutes of the June 15 special meeting of council, the minutes of the June 17

regular meeting, the minutes of the June 29 bi-monthly regular meeting, and the Resolutions passed by the council on June 5 during the course of the 1982 Spring Road Tour were adopted as circulated to all members of the Council.

Council deemed it desirable to include the following question on the November election ballot: Are you in favour of the sale of spirits, beer and wine under a dining lounge licence for consumption on licensed premises where food is available?

By-law 20-82 was read a first, second and third time, passed, signed and the Corporate Seal attached.

The Road Accounts for June, in the total amount of \$19,976.85, were approved.

Council accepted the tender of \$1,000 on the sale of the Township's grader, received from Wm. Simmerman, General Contractor. Council hereby authorized delivery of the vehicle immediately upon the closing of the transaction.

The following accounts were paid: General - \$8,265.01; Library - \$8; Protective Inspections - \$146.44; Planning and Zoning - \$278.48; Parks and Recreation - \$178.73; Dumps - \$1,345.00; OHRP - \$38.70; Levy - \$97,988.90 (County and Board of Education); Fire Protection - \$150; Welfare - \$1,517; Roads - \$19,976.85. Total \$129,893.11.

Council supported immediate imposition of a six per cent ceiling in all sectors, effective immediately; this motion to be circulated to the Premier of Ontario and the local M.P.P.

The second monthly regular meeting of the Lutterworth Council was held July 27.

Land Severance Application for Consent, submitted by Robert Beene Sr., regarding Part of Lot 16, in Concession 7, was recommended by council for consent.
